

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

Solder Board-Component View 1	 A photograph showing a small, square, blue printed circuit board (PCB) component. The component is positioned on a light blue textured surface. A black L-shaped ruler is placed next to it for scale. The ruler has white markings in millimeters, with the horizontal scale ranging from 0 to 100 mm and the vertical scale ranging from 0 to 90 mm. The component is located approximately at the 30 mm mark on the horizontal scale and the 20 mm mark on the vertical scale.
Antenna View	 A photograph showing a small, square, gold-colored component, identified as a BT antenna. The component is positioned on a light blue textured surface. A black L-shaped ruler is placed next to it for scale. The ruler has white markings in millimeters, with the horizontal scale ranging from 0 to 100 mm and the vertical scale ranging from 0 to 90 mm. The component is located approximately at the 30 mm mark on the horizontal scale and the 20 mm mark on the vertical scale. A red rectangular box highlights the component, and a red line points from a label 'BT Ant.' to it. The label is located at the bottom left of the image, below the ruler.
