

Rotate the mobile clip for 90 degrees and then hold the two sides of the monopod to stretch slowly step by step

重要提示：一体机必须通过蓝牙与手机配对连接后，可在10秒钟内操作使用，一体机启动后的启动提示音会启动一体机进入人机状态。当需要使用时只需通过拍照按钮即可。蓝牙耳机连接的手机超出蓝牙有效范围(约10米以内)时同样会出现上述情况

Warm tip: If the one-piece photo assistant is not operated within 10 minutes after its Bluetooth is connected to the phone, the photo-taking key on the assistant will automatically go OFF, indicating the OFF state of assistant; to resume the operation, you just need to give a push to the photo-taking key; the above-mentioned state may occur when the phone connected with the Bluetooth is outside the coverage of Bluetooth (i.e. more than 10m away from the testing area).

Rotate the mobile back and hold the bottom of the extension holder and press it with your thumb. Make the other side of the holder up to the hard part then draw it back slowly.

The light is in blue while taking pictures)

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
