STATEMENT

Regarding TECOM handset of model No. T-2000A, the holster prepared as its accessory has the design that restrict the device(T-2000A) to be placed with its front facing the user.

In other words, the holster only allows the T-2000A to fit in it in only one configuration with T-2000A handset's front facing the user. It means the antenna will always point away from the user.

Sincerely,

A handwritten signature in cursive script that reads 'Winnie Tseng'.
