

Date: Aug 21, 2019

Subject: Attestation letter regarding the module degradation.

FCC ID: A8TBM64S1

Model Name: BM64

To whom it may concern,

*We, UWICOM confirms that Microchip Technology Inc., is aware of our device, Smart Voice Sender Transmitter, FCC ID: 2AS7E-SVS-T will reuse their certified rf module, FCC ID: A8TBM64S1 for a new FCC certification.*

*The module (FCC ID : A8TBM64S1) installed to our device, FCC ID: 2AS7E-SVS-T is identical as the one certified in May 30, 2016 without any modification. Original rf conducted port test results documented in 50041195 001 report will be submitted as a part of the report for FCC ID: 2AS7E-SVS-T certification.*

*The output power reduced when the module is installed on our device because of software changes. ( Setting in EEPROM)*

Sincerely Yours,

A handwritten signature in black ink, appearing to read "JaeHoon". The signature is fluid and cursive, with a horizontal line drawn underneath it.
