

Date: December 28th, 2021

FCC ID: TQ8-VT230SKAN

Subject: Letter of Declaration

Dear Sirs,

The difference between the basic model and the family model is only AMP (Internal AMP or external AMP).
There is no change in RF characteristics.

Basic model name	Family models name
VT230SKAN (AMP Internal)	External AMP : VT240SKAN Changes not related to RF characteristics

Sincerely yours,

Seung-Hoon, Choe

Manager
