Subject: Class 2 Permissive Change (C2PC) Request

FCC ID: P8M-AMSCGJMW1

To whom it may concern

In accordance with §2.1043: Changes in Certified Equipment, Alcohol Monitoring Systems Inc., hereby requests a class 2 permissive change to FCC ID: P8M-AMSCGJMW1 as detailed below:

To permit the usage in specific portable host equipment SCRAM Remote Breath, model 19669 which is a handheld breathalyser with radio communications functionality.

In order to ensure continued compliance of FCC ID: P8M-AMSCGJMW1 with the requirements of §22.913(a) and §24.232 when fitted inside the specific host, with the antenna specified in this certification filing, tests of radiated power (Part 22 ERP and Part 24 EIRP) were performed in the modes of operation with the highest nominal output powers.

Furthermore, as the host is intended to be used in a portable configuration (handheld), SAR testing in accordance with §2.1093 was performed in order to verify RF Exposure compliance.

Yours faithfully,

A handwritten signature in black ink, appearing to read "Gordon Murray".
