

KDB 996369 D02 Q1 Declaration Letter

2020/12/29

Wistron Corporation
21F, 88, Sec. 1, Hsin Tai Wu Rd., Hsichih, 221, Taipei Hsien, Taiwan

RE: FCC Certification
FCC ID: PU5-TP00118A

To Whom It May Concern:

The module tested and certified under FCC ID: ZMOL850GL, granted on 03/10/2017, is incorporated in the TP00118A (FCC ID: PU5-TP00118A) and is not modified in any way.

For this submission we are filing original test reports that still accurately represent conducted test results under the new conditions described above. The original tests used are list below and only used for valid conducted results.

RF170106C02
RF170106C02-1
RF170106C02-2
RF170106C02-3
RF170106C02-4
RF170106C02-5

The new test reports show additional evidence for radiated results and ac power lines results to demonstrate full compliance of both module integrated into the host and host itself.

Thank you for your attention to this matter.

Br,

Melody Wu (authorized representative)
Supervisor
