

PARTS LIST/TUNE-UP INFORMATION – EXHIBIT J

1.1 PARTS LIST

Parts lists are found in the following drawings:

Description	Assembly
A1 RF Assembly	RF CKT ASSEMBLY
A2 DSP Assembly	DSP CKT ASSEMBLY
A3 Rear Interconnect Assembly	REAR INTCNCT CKT ASSEMBLY
A4 Power Supply Assembly	PWR SPLY CKT ASSEMBLY
A5 Interconnect Assembly	INTCNCT ASSEMBLY

1.2 TUNE UP PROCEDURE

Alignment procedures are included in the draft Production Test Requirement (PTR) attached to this report as Exhibit N. Both the FCC and the Federal Aviation Administration intend these procedures for use only by factory personnel or by avionics repairmen. The only transmitter control available to the equipment operator (the aircraft pilot or other flight crewmember) is selection of the operating frequency channel.
