RE: Global Sun Technology

FCC ID: O7J-GL24501-OA

I have a few comments on this Application.

- 1.) The Manual has conflicting FCC statements. Please compare page 2 and page 15.
- 2.) The Block Diagram indicates there are two 2.4GHz antennas inside this device. Were both antennas tested for the EMC report? Were both antennas tested for the SAR report? Can both antennas operate simultaneously?
- 3.) Please supply local US representative for Declaration of Conformity attestation.

William H. Graff
President and Examining Engineer
