lick the <b>Remote Mgmt</b> tab on the navigation bar. Check the box to <b>Enable</b> emote Management. Select <b>AltaiCare</b> as Management Type and <b>Cloud</b> is the Connection Type.	Federal Communication Commission Interference Statement (FCC) – USA This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be	Warning         AX600-X may require professional installation depending on the deployment scenario.         Only use the optional power adaptor available for AX600-X. Using a different power adaptor might damage the device.         The metal chassis of the equipment may be hot. Pay special attention or use special protection before bandling this equipment
elect Full Management if the radio (2.4G/5G) runs on AP Mode. If ration/Bridge/Repeater Modes, select Monitor Mode instead. Hick Submit button and then Save & Apply in the top right corner to make the changes take effect.	<ul> <li>determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:</li> <li>Reorient or relocate the receiving antenna.</li> <li>Increase the separation between the equipment and receiver.</li> <li>Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li> <li>Consult the dealer or an experienced radio/TV technician for help.</li> <li>FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.</li> <li>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</li> <li>This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.</li> </ul>	Operations in the 5,15-5,25 GHz band are restricted to indoor usage only. <b>Disclaimer</b> All specifications are subject to change without prior notice.
