| <p><b>EUT Housing and<br/>Board View 3</b></p> |  A photograph showing the internal components of a mobile phone, including the main circuit board, battery, and various connectors, placed next to a ruler for scale. The components are laid out on a blue surface. The ruler is positioned vertically on the left and horizontally at the bottom, with markings in millimeters and centimeters.  |
| <p><b>EUT Housing and<br/>Board View 4</b></p> |  A photograph showing the internal components of a mobile phone, including the main circuit board, battery, and various connectors, placed next to a ruler for scale. The components are laid out on a blue surface. The ruler is positioned vertically on the left and horizontally at the bottom, with markings in millimeters and centimeters. |

| <p><b>Solder<br/>Board-Component<br/>View 3</b></p> |  A photograph of a green printed circuit board (PCB) component, labeled 'View 3'. The board is populated with various electronic components, including integrated circuits, capacitors, and resistors. A prominent black circular component, likely a camera lens, is visible on the right side. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm. |
| <p><b>Solder<br/>Board-Component<br/>View 4</b></p> |  A photograph of the same green PCB component, labeled 'View 4'. This view shows the opposite side of the board, featuring a large white rectangular component, possibly a battery or a large capacitor, and several other electronic components. The board is placed on the same blue textured surface next to the same black ruler with white markings in millimeters, showing measurements from 0 to 100 mm.                                         |
