**Application for Equipment Authorization - RFDGFU18**

Dear Madam, Dear Sir

We kindly apply for equipment authorization for our Data Transmission TDMA Module **GFU18**.

The GFU18 module is based on the FCC certified Sony Ericsson DM25 module (FCC-ID: PXITR-505-A2). Our application adds an interface and a zero dBi antenna, which does not affect or alter the characteristics of the Sony Ericsson DM25 module.

Nevertheless we would like to authorize our GFU18 application with a separate Grant Of Equipment Authorization.

Please contact us if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Schwärzler".

Gerhard Schwärzler  
Quality System Manager  
Division S&E
