

## Stark 8 QUICK GUIDE

**English**

**1. For more information:**  
 Consult the quick guide in packing box.  
 Open smartphone screen and enjoy following sections:  
 - Consult the manual  
 - Get help through various channel such as self-service, intelligent questioning and answering, financial service, customer feedback. In addition, you can contact stores, service network, and service policy.

**2. Card insertion position:**  
**Tip:**  
 Pay attention to match direction in inserting card and keep the card account. Avoidably.

**3. Safety Information:**  
**Caution:**  
 Do not use incompatible or unauthorized power supply, charger, and battery may cause fire, explosion, or other hazards.

**4. Double-card setting:**  
 1. Insert the SIM card through a long touch of power button;  
 2. Follow screen tips and enter below access:  
 Settings>Network&Internet>SIM cards, Choose MM or SIM1 for its mobile data and default calling.

**5. Camera representation:**

**6. Internal parts:**

**7. Safety information:**  
**Caution:**  
 Do not use incompatible or unauthorized power supply, charger, and battery may cause fire, explosion, or other hazards.

**8. Safety information:**  
**Caution:**  
 Only the accessories accepted by the manufacturers and matched with the type can be used. Third-party accessories may cause accident and violate the warranty and related national regulations. Please contact with authorized service center for recognized accessories.

**9. Double-card setting:**  
 Please do not use high volume for long time to prevent hearing.

**10. Battery:**  
 Please use the device at the temperature from -20°C~50°C. Too high or too low temperature may cause electric failure.

**11. Charging:**  
 Do not expose the device or battery to high temperature place or heat-releasing equipment, such as microwave, heater, microwave oven, water heater, etc. Battery overheating may cause explosion.

**12. Charger:**  
 When charging the device, power outlet should be separated at places near device accessories.

**13. Battery:**  
 Please disconnect the charger with the device, and unplug it when it charged well or unfinished.

**14. Battery:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**15. Battery:**  
 This device, battery and other accessories should be disposed in accordance with local regulations instead of treating them as domestic garbage. Incorrect battery treatment may cause battery explosion.

**16. Privacy protection:**  
 Upgrading firmware and update with unauthorized third-party software may cause malfunctions before or person information leakage.

**17. Device upgrading and downgrading of matched official software are recommended.**

**18. Backup:**  
 Please backup personal information before upgrading or your private information may be damaged.

**1. Para más información:**  
 Consultar la guía rápida que se encuentra dentro de la caja.  
 Abrir el teléfono móvil y disfrutar las siguientes secciones:  
 - Consultar el manual  
 - Obtener ayuda a través de varios canales como el servicio self-service, interrogación e inteligencia, servicios financieros, retroalimentación del cliente. Además, puedes contactar con tiendas, red de servicios y política de servicio.

**2. Posición de inserción de la tarjeta:**  
**Consejo:**  
 Preste atención a la dirección de la ranura al insertar la tarjeta y mantenga el soporte de la tarjeta en posición horizontal.

**3. Información de seguridad:**  
**Advertencia:**  
 No utilice suministros de alimentación, cargadores y baterías incompatibles o no autorizados para prevenir incendios, explosiones u otros peligros.

**4. Configuración de doble tarjeta:**  
 1. Inserte la tarjeta SIM a través de la ranura de la tarjeta SIM;  
 2. Siga las instrucciones de la pantalla y entre en la configuración de red:  
 Ajustes > Red y Internet > Tarjetas SIM, Elija SIM1 o SIM2 para datos móviles, SIM y llamadas, presione en finalizar.

**5. Representación de la cámara:**

**6. Partes internas:**

**7. Información de seguridad:**  
**Advertencia:**  
 No utilice suministros de alimentación, cargadores y baterías incompatibles o no autorizados para prevenir incendios, explosiones u otros peligros.

**8. Información de seguridad:**  
**Advertencia:**  
 Solo los accesorios aceptados por los fabricantes y que coincidan con el tipo pueden utilizarse. Los accesorios tercero partes podrían causar accidentes y violar las garantías y las regulaciones nacionales referentes. Por favor, contacte con el centro de servicio autorizado para obtener más información.

**9. Configuración de doble tarjeta:**  
 No utilice un teléfono móvil durante mucho tiempo para proteger la audición.

**10. Batería:**  
 Utilice el dispositivo a la temperatura de -20°C~50°C. La temperatura muy alta o muy baja puede dañar la batería del dispositivo.

**11. Cargador:**  
 No exprese el dispositivo o la batería a la temperatura de alta temperatura ni expuestas a agua, etc. El calor excesivo de la batería puede causar una explosión.

**12. Cargador:**  
 Al cargar el dispositivo, la toma de corriente debe estar ubicada en lugares cercanos al dispositivo.

**13. Batería:**  
 No deje el cargador conectado al dispositivo, el dispositivo ha cargado completamente. Cuando termine el proceso de carga, desconecte el cargador primero, como se indica.

**14. Batería:**  
 Si el dispositivo está equipado con una batería externa no extraíble, no intercambie la batería en caso de que la batería o el dispositivo surten efectos. La batería solo puede ser reemplazada por un centro de servicio autorizado.

**15. Dispositivo:**  
 El dispositivo, la batería y otros accesorios deben eliminarse de acuerdo con las regulaciones locales, en lugar de tratarlos como basura doméstica. El tratamiento incorrecto de la batería puede causar la explosión de la batería.

**16. Protección de la privacidad:**  
 Una actualización del firmware y el sistema con un software de terceros no autorizado puede causar una fuga del teléfono móvil o una fuga de información personal.

**17. Actualización:**  
 Se recomienda la actualización a través de la red de servicios oficiales compatibles. Haga clic sobre la configuración de su información personal antes de actualizar, ya que su información personal puede ser eliminada.

**1. Safety information:**  
**Caution:**  
 Do not use incompatible or unauthorized power supply, charger, and battery may cause fire, explosion, or other hazards.

**2. Safety information:**  
**Caution:**  
 Only the accessories accepted by the manufacturers and matched with the type can be used. Third-party accessories may cause accident and violate the warranty and related national regulations. Please contact with authorized service center for recognized accessories.

**3. Safety information:**  
**Caution:**  
 Please do not use high volume for long time to prevent hearing.

**4. Safety information:**  
**Caution:**  
 Please use the device at the temperature from -20°C~50°C. Too high or too low temperature may cause electric failure.

**5. Safety information:**  
**Caution:**  
 Do not expose the device or battery to high temperature place or heat-releasing equipment, such as microwave, heater, microwave oven, water heater, etc. Battery overheating may cause explosion.

**6. Safety information:**  
**Caution:**  
 When charging the device, power outlet should be separated at places near device accessories.

**7. Safety information:**  
**Caution:**  
 Please disconnect the charger with the device, and unplug it when it charged well or unfinished.

**8. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**9. Safety information:**  
**Caution:**  
 This device, battery and other accessories should be disposed in accordance with local regulations instead of treating them as domestic garbage. Incorrect battery treatment may cause battery explosion.

**10. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**11. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**12. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**13. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**14. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**15. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**16. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**17. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**18. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**19. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**20. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**21. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**22. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**23. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**24. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**25. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**26. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**27. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**28. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**29. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**30. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**31. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**32. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**33. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**34. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**35. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**36. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**37. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**38. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**39. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**40. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**41. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**42. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**43. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**44. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**45. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**46. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**47. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**48. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**49. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**50. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**51. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**52. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**53. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**54. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**55. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**56. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**57. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**58. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**59. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**60. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**61. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**62. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**63. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**64. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**65. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**66. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**67. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**68. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**69. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**70. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**71. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**72. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**73. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**74. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**75. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**76. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**77. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**78. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**79. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**80. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**81. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**82. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**83. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**84. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**85. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**86. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**87. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**88. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**89. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**90. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**91. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**92. Safety information:**  
**Caution:**  
 If the device is equipped with non-rechargeable external battery, do not replace the battery in case of battery or device damage. The battery can be only replaced by authorized service centers.

**93. Safety information:**  
**Caution**
