

Federal Communications Commission

Statement

This device complies with FCC Rules Part 15.

Operation is subject to the following two conditions:

This device may not cause harmful interference.

This device must accept any interference received,

including interference that may cause undesired

operation.

This equipment has been tested and found to comply

with the limits for a class B digital device, pursuant to

Part 15 of the Federal Communications Commission

(FCC) rules. These limits are designed to provide

reasonable protection against harmful interference in a

residential installation. This equipment generates,

uses, and can radiate radio frequency energy and, if

not installed and used in accordance with the

instructions, may cause harmful interference to radio

communications. However, there is no guarantee that

interference will not occur in a particular installation. If

this equipment causes harmful interference to radio or

television reception, which can be determined by

turning the equipment off and on, the user is

encouraged to try to correct the interference by doing

one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and

receiver.

Connect the equipment into an outlet on a circuit

different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV

technician for help.

FCC Caution

Any changes or modifications not expressly approved

by the party responsible for compliance could void the

user's authority to operate the equipment.

The antenna(s) used for this transmitter must not be

co-located or operating in conjunction with any other

antenna or transmitter.

Radiation Exposure Statement:

This equipment must be installed and operated in

accordance with provided instructions and the

antenna(s) used for this transmitter must be installed

to provide a separation distance of at least 20 cm from

all persons and must not be co-located or operating in

conjunction with any other antenna or transmitter.
