INTERCHANGEABLE AC PLUGS

Creative Stage SE features a power adapter with interchangeable AC plugs, suitable for use in multiple regions. Refer to the instructions below for more information.

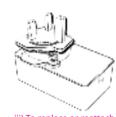

Replacing Interchangeable AC Plugs

i) Place the AC plug on the power adapter, then push it down and turn clockwise direction to lock it

ii) Press to release the AC plug from its attachment

iii) To replace or reattach the AC plug, refer to the initial steps given

Note: Interchangeable AC plug(s) are bundled based on the requirements in their respective countries and are suitable for use in regions using the same AC plugs.

EU / Singapore (Model DE-1)

UK / Hong Kong / Saudi Arabia / UAE / Malaysia

(Model KC)

USA / Canada / Japan / Taiwan

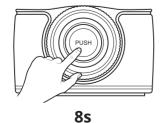

Australia

China

*For Singapore, only bundled EU AC plug is available.

MASTER RESET

Press and hold the Multifunction button for 8s to perform a Master Reset. Upon completion, a voice prompt will trigger with the prompt "Reset To Factory Default" and the soundbar will revert to its default state. Master Reset is reserved for cases where users encounter issues while the soundbar is in use or during situations such as: Bluetooth Pairing failure, random LED blinks, or to reset all data.

TECHNICAL SPECIFICATIONS

Power Output: 12W RMS x 2 Total System Peak Power: 48W Frequency Range: 50-20,000 Hz

SNR: ≥ 85 dB

Operating Frequency: 2402-2480 MHz

Operating Range: Up to 10m / 33 ft, measured in open space. Walls and structures may

affect range of device

Maximum RF Output Power: 7 dBm Bluetooth Version: Bluetooth 5.3"

Supported Bluetooth Profiles: A2DP (Advanced Audio Distribution Profile), AVRCP (Audio

/ Video Remote Control Profile)

Supported Codec: SBC

Soundbar Input Rating: 15V == 2.0A Max Operating Temperature: 45°C Power Adapter Model: GJ30WD-1500200DP

Input: 100-240V~, 50/60 Hz 0.8A Output: 15V == 2.0A, 30.0W

For CS (China)- 频率范围: 2400-2483.5 MHz

Note: Compliance marking are located at the bottom of this product

SAFETY & REGULATORY INFORMATION

The following sections contain notices for various countries.

CAUTION:

This product is intended for use with FCC/CE certified computer equipment. Please check the equipment operating/installation manual and/or with the equipment manufacturer to verify/confirm if your equipment is suitable prior to the installation or use of the product.

Notice for USA

Federal Communication Commission (FCC) Interference Statement

FCC Part 15: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if no installed and used in accordance with instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subjected to the following two conditions:

- 1. This device may not cause harmful interference, and
- 2. This device must accept any interference received, including interference that may cause undesired operation.

CAUTION: To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be installed with computer equipment certified to comply with Class B limits.

All cables used to connect to the computer and peripherals must be shielded and grounded. Operation with non-certified computers or non-shielded cables may result in interference to radio or television reception.

MODIFICATION: Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

Federal Communication Commission (FCC) Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

SAFETY & REGULATORY INFORMATION

Notice for Canada

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- 1. This device may not cause interference.
- 2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1. L'appareil ne doit pas produire de brouillage;
- 2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

To comply with RSS 102 RF exposure compliance requirements, a separation distance of at least 20cm must be maintained between the antenna of this device and all persons.

Pour se conformer aux exigences de conformité CNR 102 RF exposition, une distance de séparation d'au moins 20 cm doit être maintenue entre l'antenne de cet appareil et toutes les personnes.

MODIFICATION: Any changes or modification not expressly approved by the grantee of this device could void the user's authority to operate the device.

Toute modification non approuvée explicitement par le fournisseur de licence de l'appareil peut entraîner l'annulation du droit de l'utilisateur à utiliser l'appareil.
