SMARTPHONES, AIRPOD® & AIRPOD PRO™
WIRELESS CHARGER
& APPLE WATCH® STAND

INCLUDED:

- 1x Airpod Wireless Charger (2nd Gen. & Pro)
- 1x 3ft USB Type-C Charge Cable
- 1x User Manual

INSTRUCTIONS

Please keep this manual for future reference.

Using the included USB Type-C cable, connect to a 5V/2A USB wall charger (sold separately) to enable wireless charging. The LED will glow red when it is connected successfully.

Confirm that your AirPods model supports wireless charging before charging, as using an incompatible device could pose a risk to the user and the device.

Place your Airpod in the center of the charging pad, marked with a cross. The LED light will glow blue when it is charging. When the device is fully charged the LED will glow red.

For your convenience, this charging stand incorporates a stand for your Apple Watch.

Your Apple Watch can rest comfortably while your AirPods are being charged.

- Watch stand is compatible with all watches similar in size to the Apple Watch®.
- Wireless charger is compatible with all devices that support Qi compatible wireless charging. (Airpod® 2nd Gen Airpod Pro™ & Smartphones).
- Compatible with most smartphones with Qi Wireless Charging capability, such as:
Apple iPhone 8 series/X-Series/11 series/12 Series/13 Series/SE;
Samsung Galaxy S6 -S21 Series /Note 8 & Later/Galaxy Fold/Galaxy Flip;
LG G2-G7 Series/ThinQ Series;
Google Pixel 3-6 Series & more.

- Do not place any metallic items on the surface of the product.
- If a non-Qi wireless charging compatible device is used, the charger may overheat.
- Disable vibration features while charging to ensure vibration does not move the device and lose charge.
- Do not use this unit for anything other than its intended use.
- Do not puncture, throw, drop, bend, or modify this product.
- Do not throw this product into fire or water.
- Do not expose this product to corrosive liquids such as salt water.
- Do not operate the unit if it has been wet or moist to prevent against electric shock and/or injury to yourself and damage to the unit.
- Do not allow children to play with this product as it is not a toy, and may present a choking hazard.
- Avoid leaving your device in direct sunlight, such as on the dashboard, console, or seat of a vehicle.
- Do not leave your device, or use your device, in any area where the temperature is likely to drop below 32°F, or may exceed 140°F, such as inside a closed vehicle on a hot day.
- Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs may place the user and device at serious risk.
- To avoid damage to the charging case, please only use a USB 5V/2A or higher charger.

The watch stand is compatible with all watches similar in size to the Apple Watch®.

The wireless charger is compatible with all devices that support Qi compatible wireless charging.

FCC ID: 2AHN6-OPCP517

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

SPECIFICATIONS:

Input: USB Type-C 5V/2A
Charge Output: 5V/1A
Transmission Power: 5W
Charging Efficiency: ≤60%
Charging Distance: ≤6mm
