

Limited Modular Approval Request Letter

Date: July 19, 2019

FCC ID: QYLPN7462A

We, Sporton International Inc., are authorized by Getac Technology Corporation, have the RFID module approved under limited module approval authorization. The application of this module is specified to portable host equipment. The requirements regulated in 47 CFR 15.212 have been fulfilled and clearly explained below.

1. The requirement of RF shielding: The shielding of the radio portion can be demonstrated in exhibition External Photo.
2. The requirement of buffered inputs: Buffered data inputs stage has been integrated in chip NXP / PN7462.
3. The requirement of power supply regulation: The part number of the power regulator is NXP / PN7462.
4. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please reference the exhibition Test Report.
5. The requirement of stand-alone test configuration: The module was tested in the host device (Model name: A140, A140G2; Brand: Getac).
6. The requirement of labeling: The instruction on the labeling rule of the end product has been stated in the user's manual of this module. Please also see the exhibition Label Sample.
7. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual.
8. The requirement of RF exposure: The module complies with any applicable RF exposure requirement.

Please do not hesitate to contact me for any questions of this request letter. Thank you.
