- When charging is complete, remove the USB Type-C plug of TypeC Common AC Adapter 02 (sold separately) from the product
- Remove the power plug of TypeC Common AC Adapter 02 (sold separately) from the outlet

Preface

Thank you for buying "Xperia" (simply called "the product" or "main unit" from here on). Before using the product, read "Basic Manual" (this manual), "Cautions on using the product" and "Setting Guide" for proper handling.

Packaged items

Before your start using the product, make sure that you have all the following packaged items with the product.

- Xperia
 - USB Type-C™-3.5φ conversion/TV Antenna cable 01 (03SOHSA)
 - 取扱説明書 (Basic Manual) (Japanese)
 - ご利用にあたっての注意事項 (Cautions on using the product) (Japanese)
 - 設定ガイド (Setting Guide) (Japanese)

The following items are not included in the package.

- microSD memory card
- AC adapter
- Earphones
- Desktop holder
- USB Type-C™ cable

❖Information

- Purchase a specified charger (sold separately).
- The battery is built into the product.
- Illustrations used in this manual are just images for explanations. They may be different from actual ones.

About Operating Instructions

■ "Setting Guide"/"Basic Manual" (this manual)
Handles only basic operations for main features.

■ Online Manual (Japanese)

Check "Online Manual" (Japanese) which describes detail explanations on various functions on the product from the following procedure.

From the Home screen, [ⓘ] ▶ [お客様サポート (Customer support)] ▶ [取扱説明書 (Online Manual)] (Japanese)

Also, you can check "Online Manual" (Japanese) on the au homepage.

<https://www.au.com/online-manual/sovXX/>

■ "取扱説明書 (Full Instruction Manual)" (Japanese)

For detailed descriptions on various functions, refer to the "取扱説明書 (詳細版) (Full Instruction Manual)" (Japanese) available on the au homepage.

<https://www.au.com/support/service/mobile/guide/manual/>

au IC card

Your phone number etc. is recorded in au IC card. The product is compatible with au Nano IC Card 04.

Attaching/removing au IC card

Before attaching/removing au IC card, make sure to turn off the product.

■ Attaching au IC card

- Put your fingertip (nail) into the groove of the microSD memory card/au IC card slot and draw the cover in the direction of arrow

- Pull out the tray straight from the main unit to remove

■ Forcedly turning the power off

- Press and hold Power key and the upper part of the volume key at the same time for approximately eight seconds, and release your fingers after the product vibrates three times consecutively

Changing the language to English

You can change the display language from Japanese to English after the initial settings.

From the Home screen, tap [ⓘ] ▶ [設定 (Settings)] ▶ [システム (System)] ▶ [言語と入力 (Languages & input)] ▶ [言語 (Languages)] ▶ [言語を追加 (Add a language)] and select "English" ▶ "United States", and then drag ≡ of "English (United States)" up to the top in the language list.

■ For Those Requiring an English Instruction Manual

Regarding notations used in this document

- In this manual, keys (key icons) are represented by simplified illustrations such as [Back], [Home], [Recent apps]. Please be forewarned.
- In this manual, operations of tapping menu items/icons/buttons on the screen, etc. are indicated as [(name of the item, etc.)].
- In this manual, screens and operations for the product with au Nano IC Card 04 attached are described.
- Screen illustrations shown in this manual may look different from the actual screens. In some cases, minor details or a part of a screen may be omitted.
- In this manual, "Basic Manual" (this manual), "Cautions on using the product", "Setting Guide" and "取扱説明書 (詳細版) (Full instruction manual)" (Japanese) are collectively referred to as "Instruction Manual".
- In this manual, explanations for the wallpaper "Black" are provided.
- In this manual, operations in portrait view are described as a standard. In horizontal view, menu items, icons, buttons on the screen, etc. may differ.
- In this manual, "au Nano IC Card 04" is abbreviated as "au IC card".

- In this manual, "microSD™" memory card (commercially available), "microSDHC™" memory card (commercially available) and "microSDXC™" memory card (commercially available) are abbreviated as "microSD memory card".
- All of the indicated amounts exclude tax unless otherwise specified.
- Company names and product names referred to in this manual are trademarks or registered trademarks of respective companies. The TM and ® marks may be omitted in this manual.
- "The Company" as appears in the manual refers to the following companies:
Sold by: KDDI CORPORATION, OKINAWA CELLULAR TELEPHONE COMPANY
Manufactured by: Sony Mobile Communications Inc.

❖Information

- Note the following points, otherwise handling au IC card may cause malfunction or damage.
 - Do not touch the IC (metal) part of au IC card.
 - Insert in the correct direction.
 - Do not use force to attach or remove.
- The error message appears when au IC card is not set properly or there is a malfunction in au IC card.
- Do not lose au IC card when it is removed.
- Do not insert au IC card with conversion adapter attached. Doing so may cause a malfunction.

Attaching/Removing a microSD memory card

Before attaching/removing microSD memory card, make sure to turn off the product.

■ Attaching a microSD memory card

- Put your fingertip (nail) into the groove of the microSD memory card/au IC card slot and pull out the cover
 - Pull out the tray straight from the main unit to remove
 - Set a microSD memory card into the tray with the terminal side facing up
- Surely set a microSD memory card into the tray not to come off.

Locking the screen/Unlocking screen lock

■ Locking the screen

Turn off the screen to set sleep mode to prevent the touch panel or key from operating mistakenly or lock the screen.

- While the screen is displayed, press Power key

■ Unlocking screen lock

- The lock screen appears when turning the power on or the screen backlight is canceled by pressing Power key.
- While Ambient display (which allows you to check date & time or notifications in sleep mode) is activated, double-tap the screen or press Power key to display the lock screen.

- On the lock screen, swipe (flick) the screen up

- ❖Information
 - In the lock screen, swipe (flick) "🔒" or "📷" to use Google Assistant or Camera.

Basic Operation

Key icons

The operations for [Back], [Home], [Recent apps] at the bottom of screen are as follows.

Getting Ready

Names and functions of parts

- Second microphone¹: Reduces noise so that the other party can easily hear your voice.
- microSD memory card/au IC card slot
- Notification LED (▶P.8)
- Proximity/Light sensor: Switches the touch panel on and off to prevent from erroneous operation during a call/Auto-control for display brightness.
- Front camera
- Earpiece/Speaker
- Display (Touch panel)
- Mouthpiece/Microphone
- USB Type-C connection terminal
- Speaker
- Volume key/Zoom key
- Fingerprint sensor
- Power key/Screen lock key
- Camera key

- Keep the product horizontal, insert the tray with the card into the main unit, and then push it straight
- Pay attention to the orientation of the main unit and the tray.

- Firmly press the tray to the end and check that there is no gap between the main unit and the cover

❖Information

- Do not touch the terminal of the microSD memory card.
- Insert a microSD memory card in the appropriate direction. Inserting forcibly could result in removal failure or may cause damage the card.

■ Removing a microSD memory card

- Put your fingertip (nail) into the groove of the microSD memory card/au IC card slot and pull out the cover
 - Pull out the tray straight from the main unit to remove
 - Remove the microSD card from the tray, keep the product horizontal, insert and push the tray straight into the main unit
- Pay attention to the orientation of the tray and the main unit.

■ Pinch

Touch the screen with two fingers and widen (pinch-out) or narrow (pinch-in) the fingers' distance.

■ Drag

Keep touching an item or icon, trace it to the desired direction to move.

Displaying the menu

To display the menu: tap the menu icon ([H] or ≡), or long touch the input field or item.

- Depending on application/function, color or shape of menu icon, or menu display may differ.

- Nameplate³
- Flash/Photo light
- RGBC-IR sensor: Detects element of lighting source of shooting environment to adjust white balance automatically when shooting.
- Built-in antenna²
- au IC card
- mark
- Wi-Fi®/Built-in antenna²
- Camera lens
- GPS/Wi-Fi®/Bluetooth® antenna²
- Wi-Fi® antenna²
- Back cover⁴

- ¹ Do not jab with a sharp object such as a needle. Doing so may cause a malfunction.
- ² The antenna is built into the main unit. Covering around the antenna by your hand may affect the quality of call/communication.
- ³ CE mark, FCC ID, IMEI information, etc. can be checked. Do not remove the sticker or nameplate.
- ⁴ The back cover is not removable. Removing forcibly might cause damage or a malfunction. Also, battery is built into the main unit and not removable by customers.

- Firmly press the tray to the end and check that there is no gap between the main unit and the cover

Charging

When you purchase your product, the internal battery is not fully charged. Charge the battery before use.

❖Information

- When charging starts, the Notification LED of the product lights according to the battery level. To check the battery level, see the status bar in the top of the screen, or from the Home screen, [ⓘ] ▶ [Settings] ▶ [Battery].
- If you start charging with the product turned off, a screen launches indicating the charging status but operations are not available. Thus, do not charge the product in a place where the use is prohibited.
- The charging time may take longer when charging with a PC or while using the camera function.
- To watch the TV while charging, use the Wireless Charging Pad compatible with Qi (sold separately).

Using Side sense

Side sense is a function which supports operations of the product by one-hand. You can operate it with the side edge of the screen.

Double-tap the side edge of the screen to display the Side sense menu which allows you to activate app or turn on/off functions. Also, slide the side edge of the screen up or down to undo the previous operation.

- ❖**Information**
- To exit the Side sense menu, operate as follows.
 - Tap  or .
 - Tap the outside of the Side sense menu
 - Double-tap the side edge of the screen
 - When you cannot operate Side sense function correctly, operate from the Home screen, [] ▶ [Settings] ▶ [Display] ▶ [Advanced] ▶ [Side sense] and then change the sensitivity or available range from "Sensor sensitivity" or "Sensor enabled".

Home screen

Home screen consists of multiple pages. Tap  to return to the Home screen anytime.

- Google Search
- Widgets
- Shortcuts (Apps)
 - Long-touch it to display the shortcut menu. You can perform the specified operation or check the app information. When  is displayed, tap it to add an operation shortcut to the Home screen.
- Indicator
 - Indicates the number of pages of the Home screen and current position. Swipe (flick) the Home screen left or right to switch pages.
- Dock
 - Shortcuts (apps) or folder can be located. They are always displayed even when the page of the Home screen is switched.
- Wallpapers
- Folders (Google, 基本機能 (Basic functions))
 - Several shortcuts (apps) are stored.
- Apps key
 - Tap to display the Apps screen.

❖**Information**

- When an app has notification, a dot or number may appear on the shortcut (app) or folder.

Using the Apps screen

In the Apps screen, apps which are installed to the product are displayed. Tap the icon to activate the app.

- You may incur communication charges depending on the function.

■ **Starting an app**

- From the Home screen, []**
 - When there are several pages in Apps screen, swipe (flick) left or right to switch the pages.
- Tap an app icon to use**
 - Some apps are stored in a folder.

■ **Main apps**

Phone

Making a call

- **Direct input calling**
- From the Home screen, [] ▶ []**
 - Enter a phone number ▶ []**
 - To make a call to a land-line phone, enter from the city code even when you stay in the same city.
 - Call ▶ []**
 - To adjust the hearing volume (volume of the other party's voice), press the upper part or lower part of the volume key while calling.

Calling from call log

- From the Home screen, [] ▶ Tap " " tab**
- [] of call log**

Calling overseas from au mobile phones (au International Call Service)

You can make international calls without any special procedure from the product.

Example: To call to "212-123-XXXX" in the United States from the product

- Dialpad screen ▶ Enter the international access number "010"**
 - Touch and hold "0" to enter "+" which adds "010" automatically when dialing.
- Enter the country code of the United States**

Setting app permission

When you activate an app/function that access the functions or information of the product for the first time, a confirmation screen for requesting access permission appears.

If such confirmation screen appears, confirm the content and tap "DENY"/"ALLOW".

- If you do not permit, app/function may not be activated or use of function may be restricted.
- For some apps/functions, an explanation screen for the permission may appear. Several request screens may appear or the screen content may differ. Confirm each content and follow the onscreen instructions.
- In this manual, description of the confirmation screen may be omitted.

Knowing the status of the product

Status bar

You can check the status of the product with the icons displayed on the status bar at the top of the screen. On the left of the status bar, the notification icons appear to inform new mails, operations in progress, etc., and on the right, the status icons appear to indicate signal status, battery level, etc.

Status bar

12:34   4G  100%

Examples of notification icons

	Missed call
	Incoming call/dialing call/calling
	New PC mail message
	New Gmail message
	New au-mail message
	New +Message/new SMS
	USB device is connected/Moisture is detected on the USB Type-C connection terminal
	Wi-Fi open network available

Main status icons

	Battery level (100%, Charging)
	Signal level (Level 4 ¹ , Out of service area)
	4G (LTE/WiMAX 2+) data communication status ²
	GSM/UMTS/LTE network roaming is ON
	Silent mode (Vibrate) is set
	Silent mode (Mute) is set
	Wi-Fi is connected ¹
	Airplane mode is activated

- ¹  appears in the right of the icon during communication.
- ² Two types of network, "LTE" and "WiMAX 2+" can be used. "4G" appears on the screen for both networks.
- The company determines which network is less busy depending on the condition of the line to connect.

Appendix

Updating Software

You can update the product to the most recent software for optimal performance and to get the latest enhancements.

- You are charged for the data communication when accessing the Internet from the product via data communication. A large amount of data communication is required especially for upgrading the software (OS upgrading). Using Wi-Fi[®] connection is recommended.
- You are recommended to back up your data before updating software.
- For details, visit <https://www.sonymobile.co.jp/support/> (Japanese) or refer to the Online Manual or "取扱説明書 (詳細版) (Full instruction manual)" (Japanese) available on au homepage.

Downloading and updating software

The update software can be downloaded from the product directly via Internet.

- Note that when Wi-Fi[®] communication becomes unstable, data communication takes the place automatically, which may incur communication charges.

- From the Home screen, [] ▶ [Settings] ▶ [System] ▶ [Advanced] ▶ [Software update]**
- [:] ▶ [Refresh]**
 - After that, follow the onscreen instructions.
