Subject : Application of Class II Permissive Change for Microwave Oven

Application Type : Certification (Class II Permissive Change)
FCC ID Code : APYDMR0158
Model No. : R-21LCFS
Applicant : Sharp Corporation
Manufacturer : Sharp Appliances (Thailand) Ltd.

Gentleman:

We would like to make a Class II permissive change application of FCC Certification for our microwave oven classified in FCC ID code: APYDMR0158.

In our microwave ovens covered under APYDMR0158, we would like to use an alternate magnetron cat. no. 2M246 manufactured by LG. For this alternate magnetron, we submit herewith the application material for Class II permissive change application under the Certification program. Enclosed are the material listed as below.

1. FCC Form 731
2. Test Report No. KL80220426 (test report for magnetron 2M246 tested by Japan Quality Assurance Organization (Tested on sample unit of model R-21LCFS))

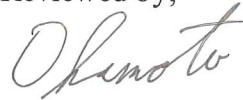

If you have any questions or need any additional information on this application, please feel free to contact Mr. Steve Petruska of Sharp Electronics Corporation as our representative in the United State.

Very truly yours,

Y. Honkawa, Engineer
