Dear Sir

Subject: Applications for IN and FCC Certificates of Approval for Raymarine WIFI and Bluetooth Module

Please find enclosed the FCC and Industry Canada applications for the AX905 WI-FI and Bluetooth module which is third party module, designed by AMPAK, which will be included in several Raymarine products including multifunction displays. The displays are intended for use on non-IMO leisure craft and small workboats.

This module approval is intended to be used in only Raymarine products, initially on a range of new displays and then maybe other products if they require WIFI and Bluetooth connectivity.

If you have any queries regarding the application, please contact myself or Michael Thompson on the following:

Andy Little	andy.little@raymarine.com	01329 246897
Michael Thompson	Michael.Thompson@raymarine.com	01329 246700

Yours faithfully,

Andrew Little BEng (Hons) CEng MIET MIEEE,
Compliance Manager.
Raymarine Limited.
