

Solder Board-Component View 7	 A photograph of a circular green printed circuit board (PCB) component, labeled '20211108' and 'UNIUBI-1057-LED-REV1.2'. The component is positioned on a blue textured surface. A black ruler with white markings is placed to the left and bottom of the component, showing measurements in millimeters. The component features a central rectangular area with electronic components and a circular hole in the center.
Solder Board-Component View 8	 A photograph of a circular green printed circuit board (PCB) component, similar to the one in View 7, but with a different internal layout. It is also positioned on a blue textured surface. A black ruler with white markings is placed to the left and bottom of the component, showing measurements in millimeters. The component features a central rectangular area with electronic components and a circular hole in the center.

Solder Board-Component View 9	 A photograph of a small, black, rectangular printed circuit board (PCB) component, labeled 'Solder Board-Component View 9'. The component is positioned on a blue, textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component features two large, square, gold-colored solder pads labeled 'U1' and 'U2'. Other components visible include a small black integrated circuit (IC) labeled 'U3', a small black component labeled 'U4', and a small black component labeled 'U5'. The component is marked with 'UNIBI', 'RoHS', and '2021.11.11'. The text 'U10181-1057-SENSOR-REV.2' is also visible.
Solder Board-Component View 10	 A photograph of a small, black, rectangular printed circuit board (PCB) component, labeled 'Solder Board-Component View 10'. The component is positioned on a blue, textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component features a large, rectangular, gold-colored solder pad labeled 'PN:'. Other components visible include a small black integrated circuit (IC) labeled 'U1', a small black component labeled 'U2', and a small black component labeled 'U3'. The component is marked with 'UNIBI', 'RoHS', and '2021.11.11'. The text 'U10181-1057-SENSOR-REV.2' is also visible.
