Subject: Class II Permissive Change re Ruggedized Holster used with Research In Motion
Limited, BlackBerry Wireless Handheld Model R6230GE, FCC ID L6AR6230GE

Research In Motion Limited (RIM) herein is submitting a Class 2 Permissive Change application for a new Ruggedized Holster used with its BlackBerry Wireless Handheld Model R6230GE.

The reason for this application is since we added alternate after-market holster for our product Model R6230GE which is already FCC granted. SAR was re-measured with the new holster and the results are well within the FCC SAR limits as demonstrated in the enclosed SAR test report.

Please do not hesitate to contact the undersigned should you require additional information or have any questions.

Yours truly,

A handwritten signature in black ink, reading 'M. Attayi', is positioned below the 'Yours truly,' text. The signature is fluid and cursive, with a long horizontal stroke extending to the right.
