To achieve single portable module certification, we reduced the module power level as reported in the SAR report under this filing. We, AzureWave Technologies Inc., hereby declare that all modules under this ID (new production and in stock) will be individually tuned and calibrated by proper instrument(s) at the manufacturing facility to make sure that all modules' power outputs won't exceed the tested level reported in this Class II Permissive Change filing.

If you should have any question(s) regarding this declaration, please don't hesitate to contact us.

Thank you!
