Company: Netradyne, Inc.

Address: 9171 Towne Centre Drive, Suite 110, San Diego, CA 92122.

Product Name: DMS Sensor

Model Number(s): DMS-10,

Derivative Model: DMS-10A, DMS-10B

Product Description: DMS indicates Driver Monitoring System. This device consists of an Image sensor and IRLED's to capture continuous Monochrome Videos. The device is installed along with Driver-i in vehicles on Dashcam facing towards the Driver. The captured video is transferred over USB Interface to Driver-i device. This device captures a 60° view facing the Driver. The recorded videos are processed using edge analytics algorithms on Driver-i. The device has 1 LED on the side, Indicating the current operational state of device.

We authorize MiCOM Labs Inc., 575 Boulder Court, Pleasanton, California 94566, USA, to act on our behalf on all matters concerning the certification of above named equipment.

We declare that MiCOM Labs Inc. is allowed to forward all information related to the approval and certification of equipment to the regulatory agencies as required and to discuss any issues concerning the approval application. Any and all acts carried out by MiCOM Labs on our behalf shall have the same effect as acts of our own.
