WIRELESS GAMING HEADSET

INSTRUCTION MANUAL

IMPORTANT SAFETY INSTRUCTIONS

Read these instructions carefully.

WARNING: When using this product, basic precautions should always be followed, including the following:

All cautions and warnings should be followed.

Hearing Safety:

- Prolonged exposure to loud sounds can damage your hearing.
- Use the 60/60 rule: 60% or 60% of the maximum volume for a maximum of 60 minutes. Follow by a break.
- Avoid using your headset in situations where you need to be aware of your surroundings, such as driving or cycling.
- If you need to block out noise, consider using earplugs instead of increasing the volume on your headset.
- If you experience any hearing loss or ringing in your ears, stop using your headset and consult a doctor.

General Safety:

- Do not use your headset while operating heavy machinery or driving.
- Do not use your headset while swimming or showering.
- Do not expose your headset to extreme temperatures or direct sunlight.
- Do not use harsh chemicals or cleaning agents to clean your headset.
- Do not modify or attempt to repair your headset yourself.
- Discourage use of your headset to children.
- Store your headphones in a cool, dry place.
- Do not put the product over the face because that could cause deformation or reduction.

Cautions for Rechargeable Battery:

- The headset is equipped with a rechargeable battery (lithium-ion battery).
- The internal rechargeable battery of this product cannot be replaced by the user. The battery may have reached the end of its service life if the usage time becomes significantly shorter even after the battery has been fully charged.
- Battery fluid gets into eyes, do not rub them, flush thoroughly with clean water (such as tap water) and consult a doctor immediately.
- Battery fluid gets in, do not touch fluid with bare hands.
- If fluid gets in your mouth, gargle thoroughly with clean water such as tap water and consult a doctor immediately.
- If your skin or clothing comes in contact with fluid, immediately wash the affected skin or clothing with water; you experience skin irritation, consult a doctor.

To avoid damage, generation of heat or explosion:

- Never heat, disassemble or modify the battery nor dispose of it as fire.
- Do not attempt to pierce with a nail, hit with a hammer or step on the battery.
- Do not drop the product or subject it to strong impact.

FC

This device complies with Part 15 of the FCC Rules Operation is subject to the following two conditions:

- 1) This device may not cause harmful interference, and
- 2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio

frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device can be used to provide information without restriction.
