

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1**

**EUT Housing and Board
View 2**

EUT Housing and Board View 3	 A photograph showing the internal components of a device, including a green printed circuit board (PCB) with various electronic components, a battery, and a metal housing. A ruler is placed horizontally below the device for scale.
Solder Board-Component View 1	 A close-up photograph of the green PCB, showing various electronic components, including a large integrated circuit (IC) labeled '210122'. A ruler is placed horizontally below the board for scale.

Solder Board-Component View 2	 A photograph showing the solder side of a green printed circuit board (PCB) component. The component is rectangular with a large black central area, likely a battery or a large component. It is positioned on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (mm) from 0 to 100. The component's width is approximately 40 mm, and its height is approximately 30 mm.
Solder Board-Component View 3	 A photograph showing the solder side of a green printed circuit board (PCB) component. The component is irregularly shaped with various electronic components, including a large black chip, several capacitors, and a blue component. It is positioned on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (mm) from 0 to 100. The component's width is approximately 40 mm, and its height is approximately 30 mm.

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled '21012' and 'LOCKLY', positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component features two large yellow circular solder pads, several smaller components, and a central integrated circuit. The background is a blue textured surface.
Solder Board-Component View 5	 A photograph of a green printed circuit board (PCB) component, labeled 'PCM001', positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component features a central integrated circuit, several smaller components, and a white connector. The background is a blue textured surface.
