## Rear Seat Entertainment (RSE) System

#### **OWNER'S MANUAL**

Please read this manual carefully before operating the RSE System and retain it for future reference. Designs and specifications are subject to change without prior notice.

The screens depicted in this manual may differ from the actual screens shown within the product. Product designs and specifications are updated and may change without prior notice for product improvement.

When transferring vehicle ownership to another individual, include this owner manual for the new vehicle owner.

All featured images are for illustrative purposes only.

### WARNING:

- Do not disassemble, assemble, or modify the RSE System. Such acts may result in accidents, fire, or electric shock.
- Do not spill water or insert foreign objects into the device. Such acts could lead to smoke, fire, or product malfunction.
- This device is a stationary equipment that requires at least 7.8 in (20cm) of space from the human body for installation and operation.

 Please refrain from use if the screen is blank or no sound can be heard as these symptoms indicate potential product malfunctions. Continued use in such conditions may lead to accidents (fires, electric shock) or product malfunctions.

- The cigarette lighter/electrical socket and other electric accessories will operate only when the ignition is on. Improper use of the cigarette lighter/ electric socket and other electric accessories can lead to severe injuries or fires. Never leave children unattended with car keys.
- Reclining the seat excessively may result in product damage.

## CAUTION:

- Turn on the car ignition before using this device. Do not operate the RSE System for long periods of time with the ignition turned off as such operations may lead to battery discharge.
- Adjust the volume level so that the driver is able to hear sounds coming from outside of the vehicle. Driving while unable to hear outside noise and warning alarms may be the cause of traffic accidents.
- Pay attention to the volume level when turning the device on. A sudden output of loud noise could lead to hearing impairment. (Adjust the volume to an appropriate level before turning off the device.)
- Do not subject the device to severe shock or impact. Direct pressure onto the front side of the monitor may cause damage to the LCD or touch screen.

 When cleaning the device, turn off the device first and clean using a dry and smooth cloth. Never use tough materials, chemical cloths, or solvents(alcohol, benzene, thinners, etc.) as such materials may damage the device panel or cause color and quality deterioration.  When experiencing product malfunctions, have the product inspected by an authorized KIA dealer.

Display	<b>Wide TFT-LCD Display</b> Provides high-quality video through a Wide TFT-LCD Display using an LED Back Light.
Multimedia Player	<b>Support for various Media Formats</b> Supports various media formats, including Audio/MP3/ AUX and USB modes.

## Key Product Features

	Bluetooth® Wireless Technology
	Enjoy media on your Bluetooth device through a wireless Bluetooth connection.
	Digital Screen Control
	Easy access and control of system features using the touchscreen.
	Wi-Fi
Etc	Wi-Fi connection to connect to the Deezer, News Reder, Podcast, YouTube, Twitch, Netflix, YouTube Kids.
	Mirroring
	<ul> <li>Screen Mirroring using Wi-Fi to connect the RSE system and Android phone.</li> </ul>
	<ul> <li>The smartphone screen is mirrored on the RSE system for easier smartphone control using the RSE system. To learn more, refer to the "Mirroring" section.</li> </ul>

## **Component Names and Functions**

### Display Monitor - Front

Name	Description
1 Power Key	Press to turn the unit ON/ OFF.
Power Indicator LED	Displays the power on/off state.
LCD Touch Screen	Easy control of product features using touchscreen.

## **Component Names and Functions**

### Display Monitor – Left

Name	Description
4 RESET	Used to reset system.
5 USB Port	Connect a USB device to play music, video and images.
6 Headphone Jack	Headphone connection jack.
7 AV IN	AUX input port – AV cable
	HDMI input jack – HDMI cable

ENGLISH 11

## Turning the System On/Off

### Turning the System ON

Press the engine start button then press the power button at the upper left side.

### Note

 If the system is set to "Turn power on automatically," the system will start automatically upon vehicle ignition. For more information, refer to "Power Setting".

### Turning the System Off

Press the engine start button again or press the power key on the RSE system to turn off the system.

### Display ON/OFF

Press the Display C button on the screen. Sound will operate even when the display is off. Touch anywhere on the touchscreen to turn the display back on.

### Adjusting the Display Mode

Press the Brightness 🔆 button on the screen. Select the desired mode.

Name	Description
Day Mode	Brightness level suited for day time.
Night Mode	Brightness level suited better for night time.

### Adjusting the Brightness

Press the Brightness 🔆 button on the screen. Adjust the brightness to the desired level.

### Adjusting the Volume

Press the Volume Solution on the screen. Adjust the volume to the desired level. Press and hold the volume button to mute.

### **Resetting the System**

This feature is used to reset the system in the occurrence of an unforeseen error or problem.

To reset the system, use a clip or a pin to press into the RESET button.

### Setting the Speaker Mode

Press the speaker icon. Each time the button is pressed, the mode will change between the headphones and vehicle speaker.

lcon	Mode
<u></u>	Earjack Headphones
_∩.≉	Bluetooth Headphones
+**	Bluetooth Audio Sync - Syncs the audio and video upon Bluetooth connection.

#### Note

- The vehicle speakers can be selected for use from one monitor. When in use, the vehicle speakers cannot be connected to the other monitor.
- For more information on connecting Bluetooth headphones, refer to "Bluetooth".
- This device does not include the sound speaker function.
- For sound output, a Bluetooth (automobile/ speaker/headset) connection or headphone jack connection is required.

### Controlling RSE using a smartphone

- 1. Connect RSE to your smartphone on a common network and start the RSE Remote App on your smartphone.
- 2. To connect, select Left or Right on the RSE screen according to the seat position. (Seat selection is required only once.)

		-			0	-

							100	Manual States of the O

#### Note

- To use rear seat entertainment, you must first install the RSE Remote App on your smartphone.
- For Android phones, search for 🛄 RSE Remote at the Google Play store.
- For iPhones, search for I RSE Remote at the App Store.
- For more information on using the RSE Remote App, please refer to the RSE Remote user guide.

## **Touchscreen Controls**

Learn to how use the touchscreen to operate the system.

### Select

Lightly tap the menu or item on the screen to select.

### Drag & Drop

Select a menu or item and drag & drop in the desired location.

Drag or touch the slider along the play bar in the music screens to jump to the point that you want to play from.

### Flick (Quick Scrolling)

Flick the touchscreen to quickly move up and down in the list.

### Home Screen

Press the 💼 button.

#### Note

Mirroring is currently available in only Android devices.

### Home Screen

### Netflix

#### Netflix Update

The system automatically displays update pop-ups whenever a new version is released.

Please delete the app and download it again.

### **Before Using Mirroring**

- You can use the Screen mirroring feature to display your device screen on the system display without connecting a cable.
- To use the Mirroring feature, you must first turn on the Wi-Fi in your mobile device.
- The Mirroring feature is supported only in Android devices.
- To use the Mirroring feature, first turn off the WiFi connection in the system.

## Starting Mirroring

1. Press the  $\clubsuit$  button  $\rightarrow$  Press Mirroring

2. In your mobile device, turn on the Mirroring feature. Then find and select the system name.

# Mirroring

#### Note

- Setting up Mirroring may differ depending on your phone model. For more information, refer to your mobile device user's manual.
- The default system name is RSExxxxxxxxx.
- When your mobile device is connected, the mobile device screen is displayed on the system display.

4. You can use the mobile device features through your mobile device or the system screen.

# Mirroring

### Using Mirroring Menu

To use the menu buttons while Mirroring is in use, quickly tap the top area of the Screen twice.

Button	Description
1	Plays/pauses mirroring.
2	Stops mirroring.

### Starting mode

Press the **f** button  $\rightarrow$  Press the **Settings** button to display the Settings screen.

### Language

This menu is used to set the system language.

In the Settings screen  $\rightarrow$  Press the Language button  $\rightarrow$  Press the desired language  $\rightarrow$  Press **OK**.

### Bluetooth

This menu allow you to set Bluetooth settings.

In the Settings screen  $\rightarrow$  Press the **Bluetooth** button. Displays list of paired devices and available devices  $\rightarrow$  Select device you wish to connect.

## About USB

- Connect the USB device after turning on the engine. The USB device may become damaged if it is already connected when the ignition is turned on.
- Files that are not standard format files will not be played.
- For MP3/WMA files, only music files with compression rates between 8 Kbps ~ 320 Kbps can be played.
- Heed caution to static electricity when connecting/disconnecting external USB devices.
- Encoded MP3 Players will not be recognized when connected as an external device.

- When connecting an external USB device, the device may not properly recognize the USB is in some states.
- Only USB devices formatted as FAT 32 and NTFS are supported.
- Some USB devices may not be supported due to compatibility issues.
- Avoid contact between the USB connector and bodily parts/foreign objects.
- Repeated connecting/disconnecting of USB devices within short periods of time may result in product malfunction.
- The amount of time required to recognize the external USB device may differ depending on the type, size, or file formats stored on the USB. Such differences in required time are not indications of malfunction.

### USB

- The RSE may not recognize the USB device if separately purchased USB hubs and extension cables are being used. Connect the USB directly with the multimedia terminal of the vehicle.
- When application programs are installed to specific USBs, files may not properly play.
- The RSE may not operate normally if MP3 Players, cellular phones, digital cameras, or other electronic devices (USB devices not recognized as portable disk drives) are connected with the device.
- Charging through the USB may not work for some mobile devices.

- The RSE may not support normal operation when using a USB memory type besides Metal Cover Type USB Memory.
- The RSE may not support normal operation when using formats such as HDD Type, CF, or SD Memory.
- The RSE will not support files locked by DRM (Digital Rights Management).
- USB memory sticks used by connecting an Adaptor (SD Type or CF Type) may not be properly recognized.

Plug Type Connector

### Supported File Specification

Category	Description
Video Format	avi, 3gp/mp4, mov, mpg, vob, mkv, flv, ts/tp, wmv
Audio Format	MP3, MP2, AAC, OGG, FLAC, APE, WMA, AC3
Image Format	JPEG, BMP, GIF, PNG
Image Resolution	Max 4096 x 4096
Image zoom in/out	Max 300%
Video Codec	MPEG1, MPEG2, MPEG4, H.263, H.264, WMV7/8, VC-1, VP8, VP9, MJPEG
Video Resolution	1280 x 720

Category	Description	
Audio Codec	MP1, MP2, MP3, AAC, AC-3, WMA, FLAC, AMR, LPCM, ADPCM	
Subtitles	SMI, SRT, SUB support only SUB 2.0 Text MKV/TS Internal	
Detailed Specification	Max Directory Layers: 15 layers Max length of folder names and file names: 250 Bytes Characters supported for folder/file names: English, Korean, French, Spanish and numbers Max number of files recognized from one USB device: 5000 Max number of folders: 2000	

#### Note

• Video and image resolutions are specifications. Image may not be properly displayed when using higher resolutions.

# **Troubleshooting Pre-Inspection**

- 1. Errors which occur during the operation or installation of the device may be mistaken as a malfunction of the actual device.
- 2. If you are having problems with the device, try the suggestions listed below.
- 3. If the problems persist, contact your an authorized KIA dealer.

Problem	Possible Cause
There are small red, blue, or green dots on the screen	Because the LCD is manufactured with technology requiring high point density, a pixel or lighting deficiency may occur within 0.01% of total pixels.
The screen is being displayed but sound is not working	<ul> <li>Has the volume been set to a low level?</li> <li>Has the volume been muted?</li> <li>Are you connected to a Bluetooth (automobile/speaker/ headset) or sound output device?</li> <li>This device does not include the sound speaker function.</li> <li>For sound output, a Bluetooth (automobile/speaker/headset) connection or headphone jack connection is required.</li> </ul>

## **Troubleshooting Pre-Inspection**

Problem	Possible Cause
When the power is turned on, the corners of the screen are dark	<ul> <li>The display appearing somewhat dark after prolonged periods of use is normal with LCD panels. It is not a malfunction.</li> <li>If the screen is very dark, contact an authorized KIA for assistance.</li> </ul>
Sound comes out of only one side of the headphones.	Is the ear jack fully inserted into the headphone jack terminal?
Sound does not work from Bluetooth headphone	Has the Bluetooth headphone paired and connected?
It is difficult to adjust a viewing angle.	The fixation site is designed firmly for safety. Use both hands to adjust an angle up and down so that the product is not damaged. (Left and right are fixed.)

# Troubleshooting Pre-Inspection

Problem	Possible Cause
Sound does not work in AV-In mode	Are the audio connector jacks fully inserted into the AV-In terminal?
The external device is not working	Is the external device connected with a standard connector cable?
Mirroring does not work.	Within phones that support HDCP, mirroring will automatically end when copyright-protected contents or applications are operated.

Problem	Possible Cause	Countermeasure
The power does not turn on	power does	<ul> <li>Replace with a suitable fuse.</li> <li>If the fuse is disconnected again, please contact your point of purchase or service center.</li> </ul>
	Device is not properly connected.	Check to see that the device has been properly connected.

Problem	Possible Cause	Countermeasure
The system does not play	The vehicle battery is low.	<ul> <li>Please check the vehicle voltage and make sure it is above 12V.</li> <li>If the problem persists, contact an KIA authorized dealer.</li> </ul>
The image color/ tone quality is low	The brightness, and contrast levels are not set properly.	Properly adjust the brightness, and contrast levels through Display Setup.

Problem	Possible Cause	Countermeasure
Sound does not work	The volume level is set to the lowest level.	Adjust the volume level.
	The connection is not proper.	Check to see that the device has been properly connected.
	The device is currently fastforwarding, rewinding, scanning, or playing in slow mode.	The sound will not work when the device is fast-forwarding, rewinding, scanning, or playing in slow mode.
	Bluetooth communication error has occurred.	Turn the wireless headphones off then back on.
	A Bluetooth (automobile/ speaker/headset) or sound output device is not connected.	There is no sound output function on the monitor. Check the connection of a Bluetooth (automobile/speaker/headset) or sound output device.

Problem	Possible Cause	Countermeasure
The sound or image quality is low	The speaker mode is changed in USB movie mode.	The screen may blink if the speaker mode is changed while playing a video in USB movie mode. It is not a malfunction.
	Vibration is occurring from where the conversion switch has been installed.	Driving in extreme vibration condition like off-road may cause some noise, but device will return to normal once vibration stop.
	Image color/tone quality is low.	The device will return to normal once vibrations stop.

Problem	Possible Cause	Countermeasure
The USB does not work	USB memory is damaged.	Please use after formatting the USB into FAT 32 format.
	USB memory has been contaminated.	Remove any foreign substances on the contact surface of the USB memory and USB port.
	A separately purchased USB HUB is being used.	Directly connect the USB memory with the USB port of the system.
	A USB extension cable is being used.	Directly connect the USB memory with the USB port of the system.

Problem	Possible Cause	Countermeasure
The USB does not work	A USB which is not a Metal Cover Type USB Memory is being used.	Use standard USB Memory.
	An HDD type, CF, SD Memory is being used.	Use standard USB Memory.
	There are no music files which can be played.	Please use only supported music file formats.
Deezer / News Reder / Podcast / Youtube / Twitch / Netflix / YouTube Kids does not work	Wi-Fi is not connected.	Connect Wi-Fi network through Network Setup.

### LIMITED WARRANTY Rear Seat Entertainment SUPPLIED BY VEHICLE DEALER

Product :

Product No. :

#### WHAT THIS WARRANTY COVERS

1. Vehicle Dealer Shop ("Dealer") warrants to you that the Hardware will be free from defects in workmanship and materials under Normal use ("Defects") from the original date of the registration of the motor vehicle ("Warranty Period"). During the Warranty Period the Hardware will be repaired or replaced at DEALER's choice ("Limited Warranty") without charge to you for either parts or labor. This Limited Warranty covers the replacement of the Rear Seat Entertainment including of the Hardware only.

For information on the warranty period, refer to the Quick Manual.

# Limited Warranty

#### WHAT THIS WARRANTY DOES NOT COVER

1. The Limited Warranty does not apply to normal wear and tear, does not apply when the Hardware is opened or repaired by someone liquids, proximity or exposure to heat and accident, abuse, non-compliance with the instructions supplied with the Hardware, neglect or misapplication. The Limited Warranty does not cover physical damage to the surface of the Hardware. This Limited Warranty does not cover any software that may accompany or be installed on the Hardware. The Limited Warranty does not cover any costs related herewith.

#### HOW TO MAKE A WARRANTY CLAIM

1. In order to make a claim of a Defect, you must contact DEALER. If a defect arises and a valid claim under this Limited Warranty is received by DEALER after the first Warranty Period, DEALER is entitled to charge you for any reasonable shipping and handling costs made in connection with the repair or replacement of the Hardware. You must comply with any other return procedures stipulated by DEALER, if any.

#### YOUR LEGAL RIGHTS

- 1. Some countries may not allow the exclusion or limitation of damages. If any part of this Limited Warranty is held to be invalid or unenforceable, the remainder of the Limited Warranty shall nonetheless remain in full force and effect.
- 2. This Limited Warranty is the only express warranty made to you and is provided in place of any other express warranties or similar obligations (if any) created by any advertising, documentation, packaging, or other communications.

# Limited Warranty

#### DEALER LIMITED WARRANTY

- Except for the Limited Warranty and to the maximum extent permitted by 1 applicable law, DEALER and its suppliers provide the Hardware "AS IS AND WITH ALL FAULTS", and hereby disclaim all other warranties and conditions, whether express, implied or statutory, including, but not limited to, any (if any) implied warranties, duties or conditions of satisfactory quality, of fitness for a particular purpose, of reliability or availability, of accuracy or completeness of responses, of results, of workmanlike effort, of lack of viruses, and of reasonable care and skill, all with regard to the Hardware, and the provision of or failure to provide support or other services, information, software, and related content through the Hardware or otherwise arising out of the use of the Hardware. Also, there is no warranty or condition of quiet enjoyment, quiet possession, or non-infringement with regard to the Hardware.
- 2. This Limited Warranty does not affect any legal rights under applicable national legislation governing the sale of consumer goods.
- 3. This Limited Warranty cannot be transferred to any other person.

#### LIMITATION OF LIABILITY

- 1. Neither DEALER nor its suppliers shall be liable to you or to any third party for any damages either direct, indirect, incidental, consequential or otherwise (including in each case, but not limited to, damages for the inability to use the equipment or access data, loss of data, loss of business, loss of profits, business interruption or the like) arising out of the use of or inability to use the Hardware even if DEALER has been advised of the possibility of such damages.
- 2. Notwithstanding any damages that you might incur for any reason whatsoever, the entire liability of DEALER and any of its suppliers shall be limited to the amount actually paid by you for the Hardware.
- 3. DEALER shall not be liable for

(I) any fraud on the part of its employees and/or agents; or
 (II) any fraudulent misrepresentation on the part of its employees and/or agents.

4. Notwithstanding the above, neither party's liability for death or personal injury resulting from its own negligence shall be limited.

## FCC Warning

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
## FCC Warning

If this equipment does cause harmful interference or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit diff erent from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

### Part15.21 statement

Changes or modifications not expressly approved by the manufacturer (or party responsible) for compliance could void the user's authority to operate the equipment.

## FCC Warning

### This device comply with part15 of FCC rules.

Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device & its accessories must accept any interference received, including interference that may cause undesired operation.

#### Note

- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
- This equipment should be installed and operated with minimum 20 cm between the radiator and your body.

# **CONSUMER ASSISTANCE**

For any questions regarding the features of your vehicle, please contact your authorized KIA dealer.
