The diagram illustrates the components of the AirPods Pro (1st generation) and their locations on the device and its packaging. The components and their locations are:

- LED light:** Located on the front of the AirPods Pro case and on the stem of the AirPods Pro.
- Type-C charging port:** Located on the bottom of the AirPods Pro case.
- MFB (Microphone Filter Button):** Located on the stem of the AirPods Pro.
- Talking mic:** Located on the stem of the AirPods Pro.
- L/R logo:** Located on the stem of the AirPods Pro.
- Magnetic charging connectors:** Located on the bottom of the AirPods Pro case.

EN:

Take out the earphones, they automatically enter the pairing mode when the green and red lights start flashing alternately, and then select "Mpow X3".

Note: The earbud will reconnect to the paired device by priority. If you want to pair to the second smartphone, please disconnect Bluetooth on the paired smartphone.

Nota: l'auricolare si riconnetterà al dispositivo accoppiato per priorità. Se si desidera associare il secondo smartphone, disabilitare Bluetooth sullo smartphone associato.

The diagram shows the earbuds being placed into the charging case. A red arrow points to the case with the lid open, where an LED light is shown curing the resin inside the case.

2 Siguiente / Pista anterior:
Pista siguiente: haga clic tres veces en el botón MFB del auricular R.
Pista anterior: haga triple clic en el botón MFB en el auricular L.
