

Batteriedirektiv – Information DLI battery

Die Europäische Union hat eine Richtlinie über die Sicherheit von Batterien erlassen, die für Hersteller von Batterien, die in der Europäischen Union in Verkehr gebracht werden, verbindlich ist. Diese Richtlinie ist Teil des Europäischen Produktsicherheitsgesetzes. Sie enthält Anforderungen an die Sicherheit von Batterien, die in der Europäischen Union in Verkehr gebracht werden, und an die Sicherheit von Batterien, die in der Europäischen Union in Verkehr gebracht werden. Sie enthält auch Anforderungen an die Sicherheit von Batterien, die in der Europäischen Union in Verkehr gebracht werden.

DLI battery recycling

PE Direktiv – Kullienavaler Apn Bilgi

Bu direktif, Avrupa Birliği'nin, batarya güvenliği ve çevre kirliliğini önlemek amacıyla hazırladığı bir direktiftir. Bu direktif, bataryaların güvenli bir şekilde kullanılması ve atılması için gerekli olan bilgileri kullanıcıya aktarmayı amaçlar. Direktif, bataryaların güvenli bir şekilde kullanılması ve atılması için gerekli olan bilgileri kullanıcıya aktarmayı amaçlar. Direktif, bataryaların güvenli bir şekilde kullanılması ve atılması için gerekli olan bilgileri kullanıcıya aktarmayı amaçlar.

Direktiva sobre baterías – Información para usuarios

La Unión Europea ha adoptado una directiva sobre la seguridad de las baterías. Esta directiva establece los requisitos que deben cumplir las baterías que se comercializan en la Unión Europea. La directiva también establece los requisitos que deben cumplir los fabricantes de baterías. La directiva también establece los requisitos que deben cumplir los usuarios de baterías. La directiva también establece los requisitos que deben cumplir los fabricantes de baterías.

Direktiva o akumulatorijih – Informacije za upotrebnika

Ujedinjena je kraljevina donijela direktivu o sigurnosti baterija. Ova direktiva određuje zahtjeve koji se moraju poštovati pri proizvodnji, distribuciji i korištenju baterija. Direktiva također određuje zahtjeve koji se moraju poštovati pri korištenju baterija. Direktiva također određuje zahtjeve koji se moraju poštovati pri korištenju baterija. Direktiva također određuje zahtjeve koji se moraju poštovati pri korištenju baterija.

Safety and Battery Disposal

CAUTION: There is a danger of battery swelling. It is recommended to replace the battery only with the same or equivalent type recommended by the manufacturer. Do not dispose of the battery by pouring it into the sewer or water. Contact your local waste disposal agency for the address of the nearest battery disposal site.

- A damaged battery may pose a risk of personal injury. Damage may include impact or shock that leads to punctures the battery, exposure to a flame, or other deterioration. Do not discharge the battery. Handle a damaged or leaking battery pack with extreme care. If the battery is damaged, immediately stop use from the table on the right which may cause personal injury.
- Do not attempt to open or alter any portable device or battery pack. Do not attempt to disassemble or alter any portable device or battery pack. Do not attempt to disassemble or alter any portable device or battery pack. Do not attempt to disassemble or alter any portable device or battery pack.
- Keep the battery away from children.

Segurança e descarte da bateria

PRECAUTION: Há risco de inchaço da bateria. É recomendado substituir a bateria apenas com o mesmo tipo ou equivalente recomendado pelo fabricante. Não tente abrir a bateria, nem alterá-la. Não tente desmontá-la. Não tente descartá-la jogando-a no esgoto ou na água. Contate a agência local de coleta de lixo para saber onde descartá-la corretamente. Entre em contato com a agência local de coleta de lixo para saber onde descartá-la corretamente.

Una batería dañada puede presentar un riesgo de lesiones personales. Las lesiones pueden incluir impactos o golpes que lleven a perforaciones de la batería, exposición a una flama o a otros deterioros. No descargue la batería. Maneje una batería dañada o que se esté deteriorando con extrema precaución. Si la batería está dañada o se está deteriorando, deje inmediatamente de usarla. Si la batería está dañada o se está deteriorando, deje inmediatamente de usarla. Si la batería está dañada o se está deteriorando, deje inmediatamente de usarla.

Sicherheit und Batterienutzung

WARNUNG: Die Verwendung einer defekten Batterie kann zu Verletzungen führen. Verletzungen können durch Einschlag oder Schock entstehen, die zu Durchschlägen der Batterie, Brand, oder anderen Schäden führen. Versuchen Sie, die Batterie nicht zu öffnen, zu reparieren oder zu modifizieren. Versuchen Sie, die Batterie nicht zu öffnen, zu reparieren oder zu modifizieren. Versuchen Sie, die Batterie nicht zu öffnen, zu reparieren oder zu modifizieren.
