This product supports fast wireless charging, which complies with the QI wireless charging standard; it realizes short-distance wireless power transmission through magnetic induction. This device supports all wireless charging devices that meet the QI standard. When using a 5V output adapter. Wireless charging supports 5W load. When using an adapter that meets QC2.0 and above standards,the wireless charging supports 10W load; Support overcharge protection (9V) and overcurrent protection (2A).

ATTENTION POINTS
- Do not use or store the product in direct sunlight or high temperature places for a long time.
- Do not charge in places too close to magnetic cards, magnetic recording media, and precision instruments.
- Do not disassemble or modify this product.
- Do not touch the AC adapter with wet hands.
- Keep this product away from water or other liquids.
- If you want to clean the product, please disconnect the power.
- Product working environment temperature range: -20~45°C.

SPECIFICATIONS
FCC ID: 2BBPUYSSWCLED
Bluetooth ID: D064893
Product Material: Imported ABS + Hardware
Power Input: DC5V~9V═3A
Charging Efficiency: 75%
Wireless Power: 15W (9V/1.67A)
Speaker Power: 5WX2
Battery Capacity: 1200 mAh
Product size: 235 x 115 x 92 mm
Play Time: 3 hours
