EXHIBIT 1 - PRODUCT LABELING

Proposed FCC ID Label Format

Specifications: The label shall be securely affixed to a permanently attached part of the device, in a location where it is visible or easily accessible to the user, and shall not be readily detachable. The label shall be sufficiently durable to remain fully legible and intact on the device in all normal conditions of use throughout the device's expected lifetime.

Proposed Label Location on EUT

FCC ID Label Location	The image shows a white electronic device with a blue base, which is a USB drive. The device is shown from the front, with its top cover open. A red arrow points to a red rectangular box on the inside of the top cover, indicating the proposed location for the FCC ID label.
