

Proposed FCC ID Label format for cordless telephone system; same label will appear on both base and handset

Due to size limitation, the following statement will appear in the user's manual

This device complies with Part 15 of the FCC rules. Operations is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation

Label location: Base

Label Location: Handset
