FCC COVER LETTER

April 22, 2014

Federal Communications Commission
445 12th Street SW
Washington, D.C. 20554

ATTENTION: Office of Engineering and Technology

FreeWave Technologies, Inc. ("FreeWave") hereby applies for a Class II Permissive Change for its transceiver module, which the Commission has certified under FCC ID number KNYPRW1001ER

With this permissive change, FreeWave seeks raise the gain of three antennas to its grant. The changes are as follows:

Antenna Type	Previously Granted Gain	Requested gain
Omni Directional	7dBi	11 dBi
Yagi	NA	16 dBi

There will be no additional changes.

FreeWave is submitting new test data with this permissive change application.
With regard to Part 2.1043(b)(2) FCC Rules, we confirm that the W0900-01 radio transceiver will not be marketed under the changes requested in this application prior to a grant of the application.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dean Busch".
