

Statement and explanations

5G CPE is an 5G Indoor Commercial CPE product with WLAN function and WWAN certification module (module FG360-NA (Module FCC ID:ZMOFG360NA,Date of Grant:12/13/2021)).

The 5G Module is installed in the host, which has no impact on the RF performance. Considering that the antenna is designed for the host, when the module is integrated into the host, we conducted an EMC test on the host, and retested RSE in RF.
