Charging

The indicator light flashes red and a voice prompt plays. You have successfully inserted the card into the charging slot. Press the **Power** key. The indicator light of the earbud flashes during charging. When the indicator light turns red, it means the earbud is fully charged.

Connecting the charging box

To connect, connect the USB cable to the MP3 player and the USB port of the computer.

The white light will indicate to charging has begun.

100% Full, Name only every 2 seconds
 250% Full, Name only every 2 seconds
 500% Full, Name only every 2 seconds
 750% Full, Name only every 2 seconds

Stereo Pairing

1. Turn on both of the charging box. The earbuds will automatically power on. The light on both will be bright orange light.

2. Press the **Power** key of the charging box. The earbuds will start to pair. The earbuds will be in the pairing state when the light turns orange.

3. The earbuds will be in the pairing state when the light turns orange. You can also use the pairing code to pair the earbuds with the Bluetooth module in your phone.

4. Press the **Power** key of the charging box.

5. Once the connection is complete the light will turn blue.

Note

- In stereo mode, both earbuds will synchronize together.
- After initial pairing, the earbuds will automatically be connected to the previously paired device after removed from the charging box.
- If the Bluetooth device is paired with the earbuds, they will automatically connect after 10 minutes. If you don't want to connect, put them in the charging box and wait until they turn blue.

Music Playing

1. Press and hold to turn on the earbuds. Both earbuds will turn on.

2. Press the **Power** key of the corresponding side. "Bluetooth V3.0" will be displayed. The indicator light will be bright orange when it is off after pairing successfully.

Operating Instructions

Power on: Automatic power on when taken out of the charging box. Press the **Power** key of the charging box for 3 seconds if you are not in the charging box.

Standby: After 10 minutes of power off, the indicator light will turn blue. Long press the **Power** key of the charging box for 3 seconds if you are not in the charging box.

Notice: If the earbuds turn on, or if battery, the indicator will flash orange if not automatically in the charging box. In this case, please recharge the charging box.
