

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph showing a small, circular green printed circuit board (PCB) component with two thin, white, flexible wires attached. The component is positioned on a blue fabric surface. A metal ruler is placed horizontally below the component, and another ruler is placed vertically to its left, both showing measurements in centimeters. The component is located at approximately 10 cm on the vertical ruler and 10 cm on the horizontal ruler.
Solder Board-Component View 2	 A photograph showing the same small, circular green PCB component with two thin, white, flexible wires attached, from a different perspective. The component is positioned on a blue fabric surface. A metal ruler is placed horizontally below the component, and another ruler is placed vertically to its left, both showing measurements in centimeters. The component is located at approximately 10 cm on the vertical ruler and 10 cm on the horizontal ruler.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled 'View 3', placed on a blue textured surface. The component is rectangular and populated with various electronic components, including several electrolytic capacitors (one labeled '100 16V', another '100 16V', and a third '130 10V'), integrated circuits, and a white connector on the right side. Two metal rulers are positioned horizontally and vertically to provide scale. The vertical ruler on the left shows centimeters from 1 to 12. The horizontal ruler at the bottom shows millimeters from 1 to 13, with a 0.5 mm scale at the beginning.
Solder Board-Component View 4	 A photograph of the same green PCB component, labeled 'View 4', showing the reverse side. The board features various solder pads, vias, and some surface components like a small integrated circuit and a connector. Two metal rulers are positioned horizontally and vertically for scale. The vertical ruler on the left shows centimeters from 1 to 13. The horizontal ruler at the bottom shows millimeters from 1 to 14, with a 0.5 mm scale at the beginning.
