

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the top view of the EUT housing and board. The housing is a black, circular plastic cap. The board is a small, circular green PCB with various electronic components. Both are placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the board and housing positioned between the 10mm and 20mm marks.
EUT Housing and Board View 2	 A photograph showing the bottom view of the EUT housing and board. The housing is a black, circular plastic cap with three gold-colored pins. The board is a small, circular green PCB with various electronic components. Both are placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the board and housing positioned between the 10mm and 20mm marks.

Solder Board-Component View 1	
Solder Board-Component View 2	

Solder Board-Component View 3	 A photograph showing a Panasonic CR1632 3V coin cell battery placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the battery, showing measurements from 10 to 40. The battery is silver with 'Panasonic CR1632 3V' printed on it.
Antenna View	2.4G Antenna  A photograph of a 2.4G antenna component, which is a small black circular base with a silver center and four gold-colored mounting points. A red line points from a label '2.4G Antenna' to the component. The component is resting on a blue textured surface.
