

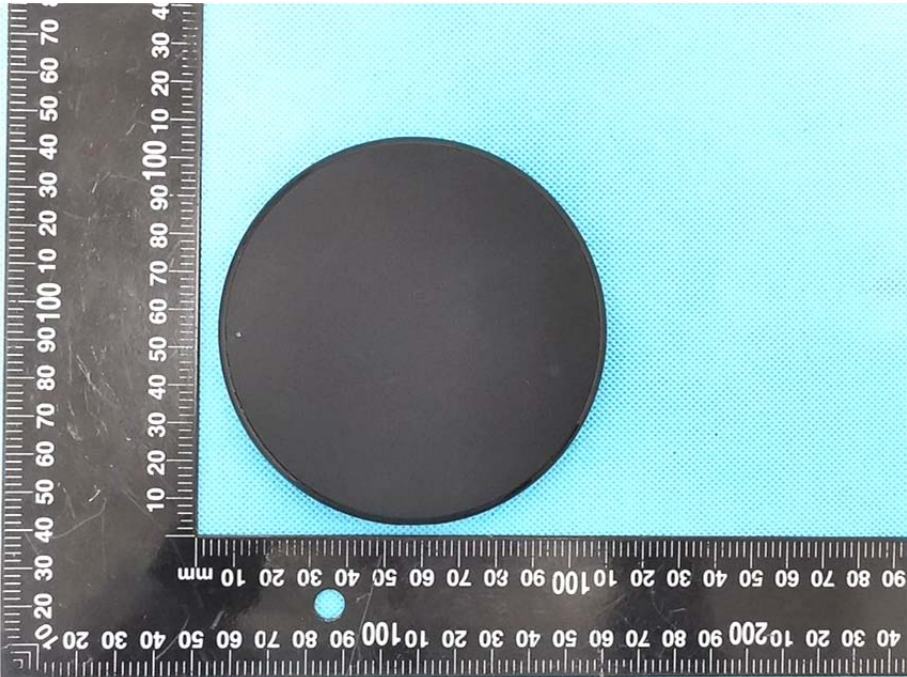

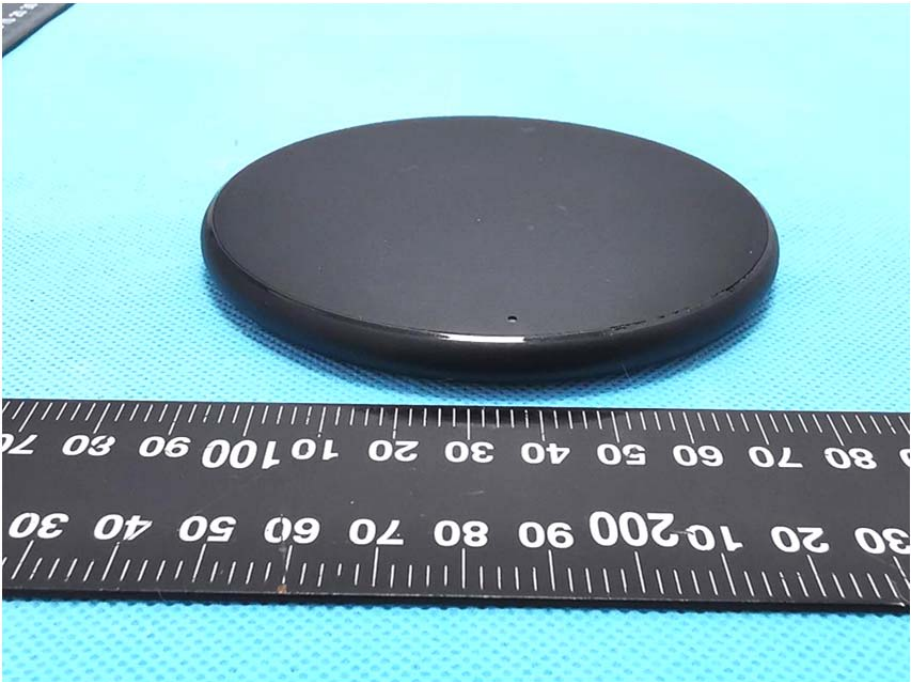

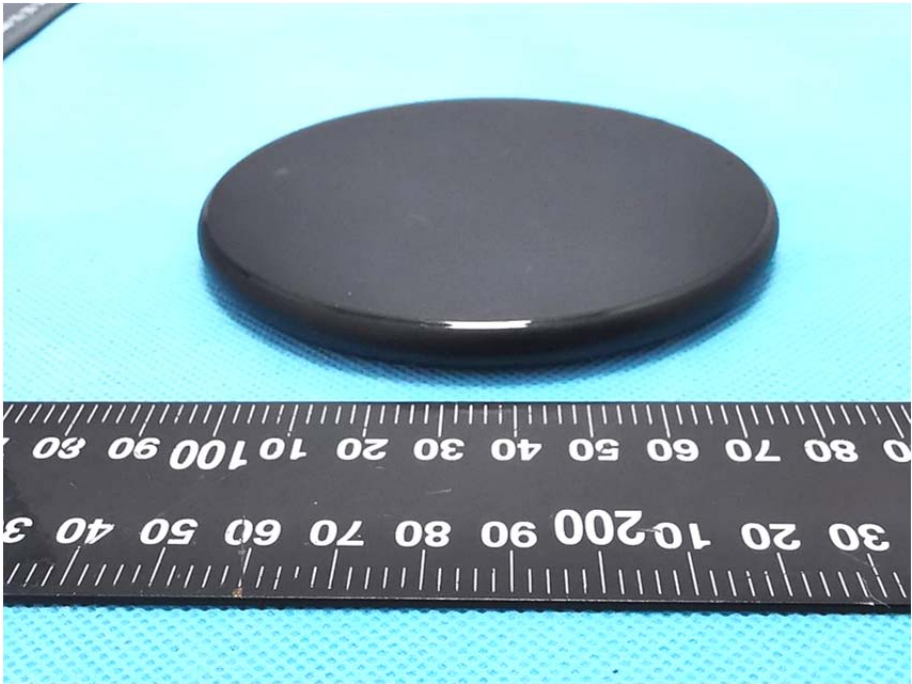

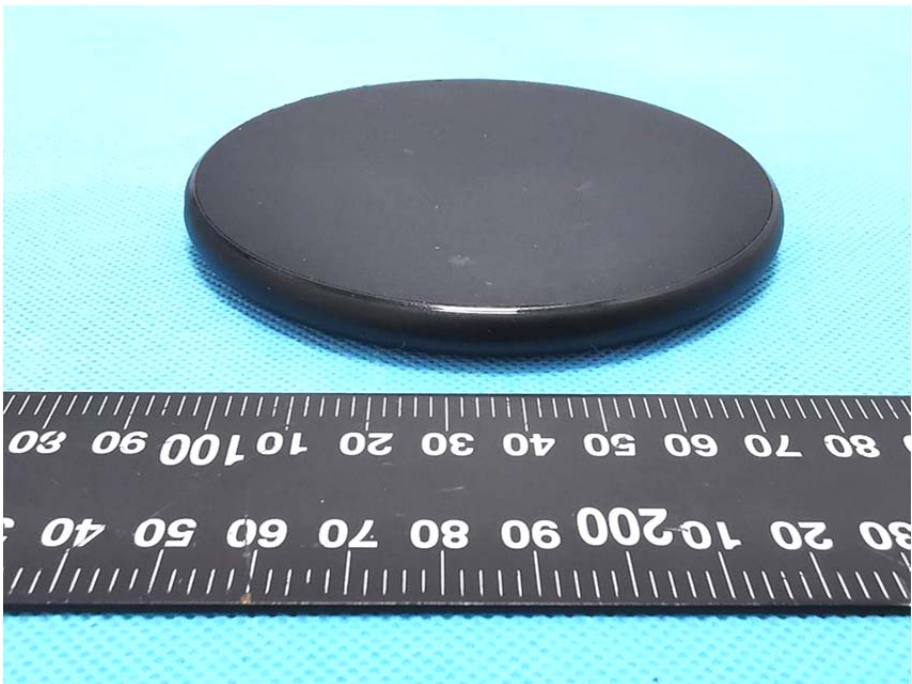

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A top-down photograph of a black, circular wireless charger. The device is centered on a light blue background. To the left and bottom of the device is a black L-shaped ruler with white markings in centimeters and millimeters. The ruler indicates the device is approximately 100mm in diameter.
EUT View 2	 A bottom-up photograph of the same black, circular wireless charger. The device is centered on a light blue background. To the left and bottom of the device is a black L-shaped ruler with white markings in centimeters and millimeters. The ruler indicates the device is approximately 100mm in diameter. Text is visible on the bottom surface of the device. Wireless Charger Model: WPC15-1TCNA Input: 5V~2A, 9V~2A, 12V~1.5A Output: 15W Max Made in China

EUT View 3	 A black, circular electronic component is shown from a top-down perspective. It has a smooth, slightly reflective surface and a small rectangular notch or cutout at the bottom edge. The component is placed on a blue, textured background. A black ruler with white markings is positioned horizontally below the component, showing measurements in millimeters and centimeters.
EUT View 4	 A black, circular electronic component is shown from a top-down perspective, similar to View 3. It has a smooth, slightly reflective surface and a small rectangular notch or cutout at the bottom edge. The component is placed on a blue, textured background. A black ruler with white markings is positioned horizontally below the component, showing measurements in millimeters and centimeters.
