Sidekick Sconce Lamp

Style # AF53891

DPCI # 074-06-3815

Elementos Esenciales para la Habitación

Sidekick Lámpara de Pared

Modelo # AF53891

DPCI # 074-06-3815

Congratulations on your latest Target purchase.

Now what? Don't start sweating over this box of parts.

This will be easy. We did the hard work for you.

All you need to do is follow our simple instructions and you'll be on your way to transforming your room in no time.

Good luck—though we're confident you won't need it.

before you begin

1. Check for damaged or missing parts. Call 1-800-440-0680 order missing supplies.
2. Use the carton as a working surface to prevent product damage during assembly.
3. Gather all tools prior to assembly.

¡Felicitaciones por su última compra hecha en Target!

¿Y ahora qué? No se preocupe por esta caja de piezas.

Esto será fácil. Nosotros hemos hecho el trabajo duro por usted.

Todo lo que tiene que hacer es seguir nuestras sencillas instrucciones y estará en camino de transformar su habitación en poco tiempo.

Buena suerte, aunque estamos seguros de que no la necesitará.

Antes de Empezar

1. Compruebe si faltan piezas o están dañadas. Llame al 1-800-440-0680 para solicitar las piezas faltantes o dañadas.
2. Use la caja de cartón como superficie de trabajo para evitar daños en el producto durante el ensamblaje.
3. Antes de empezar el ensamblaje, reúna todas las herramientas.

3. Alinee los orificios y cuelgue la placa de montaje en la pared.

warning information / información de advertencia

BULB INFORMATION

Maximum wattage: 40-watt standard incandescent bulb or 20W LED bulb.

Warning: If an Incandescent bulb is used, wait for 30 minutes allowing the bulb to cool down before touching it.

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug if it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. DO NOT ALTER PLUG.

Made In Cambodia

Please read carefully the following precautions before using this lamp:

- * When unpacking and assembling, be careful not to pull wire with full strength, as an incorrect connection could result.
- * Only use the bulb and wattage specified in these instructions or on the label located on the socket.
- * Do not attempt to replace bulb while the lamp is plugged into an electrical outlet.
- * Do not use outdoors, near water or other liquids.
- * Only use soft cloth for cleaning. Do not use any chemical or abrasive cleaners.

INFORMACION SOBRE LA BOMBILLA

Potencia máxima: Bombilla incandescente estándar de 40 vatios o bombilla LED de 20 vatios.

Advertencia: Si se utiliza una bombilla incandescente, espere 30 minutos para que la bombilla se enfríe antes de tocarla.

INSTRUCCIONES IMPORTANTES DE SEGURIDAD

Como medida de seguridad, esta lámpara portátil tiene un enchufe polarizado (una hoja es más ancha que la otra) para reducir el riesgo de descarga eléctrica. Este enchufe encaja en un tomacorriente polarizado en un solo sentido. Si el enchufe no encaja completamente en el tomacorriente, dé la vuelta al enchufe. Si aun así no encaja, contacte a un electricista calificado. No debe usarse nunca con un cable de extensión, a menos que el enchufe se pueda insertar completamente. NO MODIFIQUE EL ENCHUFE.

Fabricado en Camboya

Lea atentamente las siguientes precauciones antes de usar esta lámpara:

- * Al desempacar y montar, tenga cuidado de no jalar los cables con demasiada fuerza, ya que puede provocar una mala conexión.
- * Utilice únicamente bombillas de los vatios especificados en estas instrucciones o en la etiqueta ubicada en el casquillo.
- * No intente reemplazar la bombilla mientras la lámpara está conectada a un tomacorriente.
- * No use este aparato al aire libre ni cerca de agua u otros líquidos.
- * Utilice únicamente paños suaves para limpiar. No use productos químicos ni limpiadores abrasivos.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The FCC certification of this device refers to RF exposure testing performed in typical operating conditions, where a person is no closer than 20 centimeters from the device surface at all times, except for non-repetitive patterns with transient time intervals in the order of a second. Only in the stated conditions, the device is shown to fully comply with the FCC RF Exposure requirements of KDB 447498.
