UGREEN Wireless Keyboard

User Manual
Model: KU004 | P/N: 90205

Product Overview

FN Multimedia Hotkeys

Specifications

Model	KU004
Connectivity	2.4 GHz
Frequency Range	2400 MHz-2483.5 MHz
Max. RF Output Power	4 dBm (conducted)
Transmission Distance	10m Max (no blocking)
Number of Keys	104
Keyboard Key Lifecycle	10,000,000 Times
Battery Type	Mercury-free Alkaline Battery
Battery Model	1 × AA
Nominal Voltage	1.5V
Compatible Systems	Windows 7/8.1/10/11, macOS 10.5 or later, iOS15 or later, iPadOS 14 or later, Linux, ChromeOS, Android 5.0 or later, HarmonyOS

* The data are measured by UGREEN lab but may vary based on specific circumstances.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
FCC Radiation Exposure Statement
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
FCC NOTICE: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Important WEEE Information

This symbol on the product(s) and / or accompanying documents indicates that, under the new Directive 2012/19/EU on waste electrical and electronic equipment (WEEE), product(s) to designated collection points where it will be accepted free of charge.
