

## GETTING STARTED

Thank you for choosing the Orb Smart Portable LED Light by Monster Smart Illuminessence. This quick start guide will help you with setup and installation of your device.

## WHAT'S IN THE BOX

- 1 x Orb Light
- 1 x 4ft USB charging cable
- 1x Quick Start Guide

## WHAT DO YOU NEED?

- · Cellphone or tablet with
- Android 6.0 or higher / IOS 10 or higher
- · Wi-Fi router with an internet connection
- Wi-Fi 2.4GHz 802.11n

Before setup, make sure your phone is connected to the 2.4GHz Wi-Fi network that your O'rb will be placed on.

You may also need to turn on location to find nearby devices.

TIP: Do you know your Wi-Fi network name and password? Write it down now if it's hard to remember.

## ANYTHING ELSE?

If you ever want to hang your Orb somewhere, you can use any sturdy string, rope, bungee cord, etc. Just don't hang it by the

### STEP 1

The Orb has a built-in rechargeable battery that can be charged using the included mirro LISB to LISB Type-A cable and any 5y

NOTE: For best results, fully charge the Orb before setup.

## STEP 2

Download the MONSTER SMART app from the App Store (for iPhone) or Google Play Store (for Android phones).

Make sure your phone or tablet is successfully connected to the 2,4GHz Wi-Fi network that your Orb will be placed on

Open the MINISTER SMART, and and create an

## STEP 4

It is recommended to 1. Charge the Orb before setup and 2. First pair the Orb in a location indoors and close to your router. Press and hold the POWER button for 3 seconds to turn the unit on.
Press and hold the RESET button for 6 seconds to enter pairing mode (or change between pairing modes). The Orb will begin blinking green to indicate it has entered pairing mode.

## AP MODE - SLOWLY BLINKING LED tess Point Mode is a secondary setup that can help connect to sed networks. Follow the on-screen step by step instructions.

ss and hold RESET button for 6 seconds to change between pairing mode

NOTE: At any point during pairing mode you can press and hold the power button twice to turn the Orb off and back on to cancel pairing and operate the product without Wi-Fi. Advanced features will not be available.

## STEP 5

In the MANISTED SMART and select the "+" in the upper right corner of the home screen to add a new device and ther select "Bulbs (Wi-Fi)" to add your device.

If needed, click "Net Pairing Mode" in the upper right to switch th

EZ Confirm that the bulb is RAPIDLY blinking.
mode Confirm that the network displayed is your 2.4GHz WI-FI
network, then enter your WI-FI password and click "Confirm"

Confirm that the bulb is SLOWLY blinking.

AP Confirm the network is your mixed Wi-Fi network, enter your mode Wi-Fi password and click "Confirm". Follow the on-screen instructions to set up your device via wireless access point.

Once complete, your device will be connected to the network Confirm or change the settings for your device and then click "Done"

Your Orb is now setup and ready to use! You can now use the app to add voice control (see pg 8), adjust settings, create custom lighting effects, set schedules, and more!

# HOW TO USE

### CONTROLS

Your Orb Portable LED Light can be easily controlled by the built-in buttons, using the MONSTER SMRRT app to access advanced and customizable lighting effects, or by using a compatible voice

## POSITIONING

The Orb can be used in three positions: tabletop, handheld, and hanging. The integrated handle features a convenient lanyard loop to keep the item centered when hanging.

# APP CONTROL: EDIT SCENES

The MMONSTER SMART app gives you full control over all the functions of the Orb, as well as the ability to edit preset scenes to create your own custom scenes. Below are some of the editable scene features for Orb:

## GROUPING DEVICES

The Orb is great to use in multiples, you can control each Orb separately or easily group multiple devices together in the app to control them all as one. Click on the menu button in the upper right corner and then click "Create Group" to group your devices.

6

## BATTERY/CHARGING

The Orb has a built-in rechargeable battery that can be charged using the included micro USB to USB Type-A cable and any 5v USB power source (not included)

When the battery is low, the LED indicator will glow RED when the USB cover is closed, the LED will shine through) While charging the LED will glow GREEN When charging is complete, the LED will turn OFF.

NOTE: Under normal operation, the Orb can provide over 6hrs of light. White colors, high brightness settings, and frequent WI-Fi controlled adjustments can reduce the total battery run time.

## HAVING TROUBLE?

## Don't return this product to the retailer, we're here to help. Please call for customer support: 866-246-2008

Q: Why is my device failing to connect to my WI-Fi network?

- A1: Make sure your phone or tablet is successfully connected to the 2.4GHz Wi-Fi network that your device will be placed on.
- the 2.4GHz Wi-Finetwork that your device will be piaced on A. 2 You may first need to enable and allow location services on your phone or tablet to find nearby devices.

  3.1 your Wi-Finetwork is a mised 2.4GHz/SGHz network, try using AP pairing mode for better results.

  4.1 you still have slugse with your mised network, you may need to access your router settings and/or call your Internet Service.

- Provider to create a separate 2.4GHz network.

  A5: You may need to fully charge your Orb before pairing.
