

A photograph of a disassembled laptop, likely a Dell XPS 13, showing the internal components. The laptop is open, and the back cover is removed, revealing the battery, keyboard, and other internal parts. Red boxes highlight the 'Main Ant' and 'Aux Ant' locations on the screen bezel. The text 'Main Ant' is positioned above the top red box, and 'Aux Ant' is positioned above the bottom red box. The laptop is resting on a blue surface.
