# QIG/FCC Statement 70 gsm woodfree paper

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential

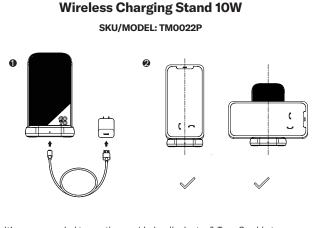

- This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:
- Increase the distance between the equipment and the receiver. • Connect the equipment to an outlet on a circuit different from that to which the

• Consult the dealer or an experienced radio/TV technician for help.

• Reorient or relocate the receiving antenna.

- responsible for compliance could void the user's authority to operate this equipment. Radiation Exposure Statement:
- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. To maintain compliance with FCC RF exposure compliance requirements, please follow operation instructions as documented in this manual. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.
- See T-Mobile's Terms and Conditions (including arbitration provision) at T-Mobile. com, for additional information, and restrictions and details. T-Mobile and the magenta color are registered trademarks of Deutsche Telekom AG. © 2022 T-Mobile USA, Inc. Printed in Vietnam.

• It's recommended to use the provided wall adapter & Type C cable to power your wireless charging stand. With the screen facing out, place your Qi-enabled smartphone vertically so that it aligns with the center of the stand. Or, place it horizontally centered

on the front-side stand holder.
