RE: Request for Original Equipment Certification – FCC: SWX-WAVEPC

It is hereby requested that Ubiquiti Inc. obtain FCC Original Equipment Certification of a radio apparatus on the Ubiquiti Inc. product Wave-Pico. The associated FCC: number is listed above.

The Wave-Pico is a 60 GHz point-to-multipoint customer premise equipment that features wave technology with a high throughput rate. The Wave-Pico is also equipped with a 5 GHz WiFi 6 backup radio to sustain connectivity during a 60 GHz link disruption caused by inclement weather conditions. A Bluetooth LE transceiver is included for device management. The Wave-Pico is an outdoor device and has an Ethernet port which is used for data transfer and 48-volts PoE power.

Sincerely,

Alex Macon  
Ubiquiti Inc.
