RE: Request for Confidentiality

To whom it may concern,

We are hereby requesting confidentiality, pursuant to 47 CFR 0.457(d), of specific documents in regard to our FCC application for the Navigator 2.4 Remote Control. These documents include the schematic, block diagram, and operational description. The reason for the request is to protect our proprietary RF design. These documents or the contained information are not publicly accessible.

Sincerely,

Dave Stallard
V.P. Engineering
