Load Printer Paper

Press the release tabs
to open the printer

Pull 1" inch of the paper roll
and place outside of the
printer for optimal printing.
Close the lid

Locate the instruction tab
on paper roll and place as
shown

Pull the paper away from
you and tear at a 45° angle

Bluetooth® Setup

Fully charge before initial use and make sure to
disconnect from other nearby paired devices.

1. Press and hold the power button
for 3 seconds to power on
2. Download the free app by searching
for **InstaPrint** on the App Store® or
Google Play™
3. Connect to Bluetooth® via the app.
In the app, click on the profile tab.
Then click on the "My Printer" icon
4. Once on the "My Printer" page,
search for **"CoreLargePrint"** on the
available device list and tap to
connect

Product Specifications

Battery Capacity : 2600mAh
Printing Type: Inkless Thermal
Print Color: Black
Bluetooth® Version: 5.2
Image Quality: 203 DPI
Charging Input: USB-C®

Windows™/MacOS® Setup

1. Download the Windows™ or MacOS®
printer driver at:

www.coreinnovationsinc.com/printer

2. Install the downloaded driver and follow the
on-screen instructions

3. Connect your printer using the included
USB-C® cable (use the USB-C® adapter if
needed)

4. Start printing by selecting **"CTP100LG"**
from the printer list when prompted

Important Safety Warning

Avoid using or storing in the following locations. Damage
to the printer may be caused.

Do not leave in an exposed area with direct sunlight
or near heat-generating equipment.
Do not leave in an area where temperature or
humidity is excessively high or low, or changes
radically.
Do not leave in an area exposed to water or liquid.

Avoid dropping or harsh impact to the printer, as damage
may be caused.
Avoid entry of foreign objects or materials, as damage
may be caused.

When cleaning do not use volatile liquid (thinner, benzene,
etc.) or wet cloth. Deterioration or discoloration may
occur. Use a dry, soft cloth.

Do not move the printer or place harsh impact on printer
while in printing or standby operation. Printer power may
disconnect and print data may be lost.

When charging your device, gently connect or
disconnect charging cable to avoid damage.
Improper charging can result in damaged printing.
Please mind the paper cutting teeth. This area is sharp
and can cause harm if not careful.

This device contains small parts and is not recommended
for kids under 3 years old.
Adult supervision is recommended for kids under 13
years old. This equipment is not suitable for use in
locations where children are likely to be present.

Disassembly of printer will cause damage and void
warranty.
If severe bulging occurs to battery, please discontinue use.

FCC Caution

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions: (1)
This device may not cause harmful interference, and (2)
this device must accept any interference received,
including interference that may cause undesired
operation. Any changes or modifications not expressly
approved by the party responsible for compliance could
void the user's authority to operate the equipment.

Note: This equipment has been tested and found to
comply with the limits for a Class B digital device,
pursuant to Part 15 of the FCC Rules. These limits are
designed to provide reasonable protection against
harmful interference in a residential installation. This
equipment generates, uses and can radiate radio
frequency energy and, if not installed and used in
accordance with the instructions, may cause harmful
interference to radio communications. However, there is
no guarantee that interference will not occur in a
particular installation. If this equipment does cause
harmful interference to radio or television reception,
which can be determined by turning the equipment off
and on, the user is encouraged to try to correct the
interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and
receiver.
- Connect the equipment into an outlet on a circuit
different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV
technician for help.

The device has been evaluated to meet general RF
exposure requirement. The device can be used in
portable exposure condition without restriction.
