How to use wireless earbuds with your mobile device

1. Turn on the earbuds by pressing the power button on the back of the case.
2. Go to the settings of your mobile device and select Bluetooth.
3. Search for the Astro True Wireless Earbuds in the list of available devices.
4. Tap on the device name to connect.
5. Once connected, you can use the earbuds to listen to music, make calls, and use voice assistants.
6. To disconnect, go to the Bluetooth settings on your mobile device and select the Astro True Wireless Earbuds.
7. Tap on "Forget this device" to disconnect.
8. To reconnect, repeat steps 1-5.

Additional Information

The Astro True Wireless Earbuds are designed for use with mobile devices that support Bluetooth 5.0 or later. They are not compatible with older versions of Bluetooth. For the best performance, we recommend using the earbuds with a mobile device that has a high battery level and is not in power saving mode.

Warranty

The Astro True Wireless Earbuds are covered by a 1-year warranty. For more information, please visit our website at www.astroelectronics.com.
