## Declaration Letter of Changing ID

March 8, 2022

UL Verification Services Inc.  
47173 Benicia Street, Fremont, CA 94538

We Nihon Kohden Corporation, are requesting a change of ID grant for original FCC ID: N6C-SDMAC and we will be identifying it with FCC ID: B6BGZ-1XXP2.

The equipment is electrically identical and the new product version is identical to the certified product. The module manufacturer is the same. The original test results are applicable and representative of this changed device.

Only the applicant and FCC ID are different. Meanwhile we submit the following documents. The documents on file with Federal Communications Commission from the original certification remain unchanged and continue to be valid except for these documents.

|                                     |                         |
|-------------------------------------|-------------------------|
| <input type="checkbox"/>            | Test Report             |
| <input checked="" type="checkbox"/> | External Photo          |
| <input type="checkbox"/>            | Internal Photo          |
| <input type="checkbox"/>            | User Manual             |
| <input checked="" type="checkbox"/> | Label drawing/ location |
| <input type="checkbox"/>            | Block Diagram           |
| <input type="checkbox"/>            | Specification           |
| <input type="checkbox"/>            | Schematic Diagram       |
| <input type="checkbox"/>            | Parts List              |

Thank you for your attention to this matter.

Sincerely,

  
Yoshifumi Tokunaga  
Nihon Kohden Corporation
