

8. How should I do if there are small dots on display?

- Please contact AuKing Team for assistance when this occurs.

9. How should I do if there is expanding dark spot or smoke when using the projector?

- Check if the fan noise increases or the fan stops working. Unplug the projector and contact AuKing team for assistance.
- Make sure the outlet and projector power adapter are not wet or humid which will cause sparks or smoke on outlet when power on the projector.

10. Why does the projector is shut off during playing?

- Make sure the power plug is working and firmly fitted into the outlet.
- If the LED indicator on the projector is light up, but the fan doesn't work, please contact AuKing team for assistance.
- Overheat on the projector will activate built-in power-off protection panel. Restart the projector when it gets cooler.
- Please check if you set up the shutdown time.

11. Why doesn't the projector's lamp light up or power on?

- Please contact AuKing for assistance when this occurs.

12. What kind of Screws do I need for mounting this projector?

- Use the screw holes on the bracket or the projector to hang, both are M6 Screw

Statement

This product contains technology subject to certain intellectual property rights of Microsoft. Use or distribution of this technology outside of this product is prohibited without Microsoft's appropriate license(s).

Content owners use Microsoft PlayReady™ content access technology to protect their intellectual property, including copyrighted content. This device uses PlayReady technology to access PlayReady-protected content and/or WMDRM-protected content. If the device fails to properly enforce restrictions on content usage, content owners may require Microsoft to revoke the device's ability to consume PlayReady-protected content. Revocation should not affect unprotected content or content protected by other content access technologies. Content owners may require you to upgrade PlayReady to access their content. If you decline an upgrade, you will not be able to access content that requires the upgrade.

The camera on the device will collect projection screen information when performing autofocus and auto keystone function, and the information will be released afterwards. Such information shall not be saved or uploaded.

◆ FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, etc.

This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

◆ IC STATEMENT

English:

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference, etc.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Operation of the device in the band 5150-5250MHz is restricted to indoor use only.

Español:

Este dispositivo cumple la(s) norma(s) RSS exenta(s) de licencia de Industry Canada. Su funcionamiento está sujeto a las dos condiciones siguientes:

- (1) Este dispositivo no puede causar interferencias, etc.
- (2) Este dispositivo debe aceptar cualquier interferencia, incluidas las interferencias que puedan causar un funcionamiento no deseado del dispositivo.

Declaración de advertencia de RF:

El dispositivo ha sido evaluado para cumplir el requisito general de exposición a RF.

El dispositivo puede utilizarse en condiciones de exposición portátil sin restricciones.

Italiano:

Questo dispositivo è conforme agli standard RSS esenti da licenza di Industry Canada. Il funzionamento è soggetto alle due condizioni seguenti:

- (1) Questo dispositivo non può causare interferenze, ecc.
- (2) Questo dispositivo deve accettare qualsiasi interferenza, comprese quelle che possono causare un funzionamento indesiderato del dispositivo.

French:

Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada.

L'exploitation est soumise aux deux conditions suivantes :

- (1) Cet appareil ne doit pas provoquer d'interférences.
- (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

L'appareil a été évalué pour répondre aux exigences générales en matière d'exposition aux RF. Cet équipement doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et votre corps.

Le fonctionnement de l'appareil dans la bande 5150-5250MHz est limité à un usage intérieur seulement.
