

Transparent Design Portable Waterproof Speaker

User Guide

What is in the box

- 1 X Transparent Design Portable Waterproof Speaker
- 1 X Magnetic USB Charging Cable
- 1 X User Manual

Product Overview

1. Magnetic USB charging port
2. Microphone
3. Power ON/OFF/ Multi-function Key

需要用箭头标识功能

Charging the Bluetooth speaker

Before first use, please charge the Bluetooth speaker.

Plug the provided magnetic charging cable into the speaker and an active computer USB port or a USB AC adapter that is plugged into an active wall outlet. The LED light is red color and will be die out after full charged.

Remark: If not using the speaker for a long period of time, keep the internal battery charged (charge once every 3 months). This will extend the life of your battery.

Bluetooth Instruction (Note: The Bluetooth code is RS11, pair code: 0000)

Make sure the Bluetooth function is available on your cell phone. Specific pairing procedures will be different depending on different cell phone. For detailed information, please refer to your cell phone User Guide.

- If no device connection is made within 10 minutes of the Speaker being switched on, the Speaker will automatically switch to power off to save power.
- After a successful pairing, devices will memorize each other. It will be connected automatically after turn on.

1. Keep the distance between the cell phone and the Speaker within 10m (for pairing only).
2. Long press 3s to power on the Speaker.
3. The tone prompt will sound and the LED light gradient color. The unit will automatically enter into pairing mode.

4. Activate the Bluetooth function of the cell phone to search for the Bluetooth devices. After finishing the search, select "RS11" in the device list displayed.
5. The Bluetooth speaker is ready for use.
6. During the time, if you want to connect the speaker to another RS11 speaker, Short press triple the Multi-function key to start 1drag N function.

Mode 5: Press the Multi-function key for 1.5s, Turn off the LED light

Battery Low

The built-in battery voltage is lower than 3.4V and a low power alarm occurs every minute. When the battery voltage is 3.1V lower, it automatically shuts down

Specifications

Function: Bluetooth, Hands free, LED light

Bluetooth version:5.3

Power output:5W 3Ω

Speaker:D52mm(130HZ-20KHZ)

Lithium -ion battery: 2000mAh

Dimension: 93*93*34MM

Single weight: 218g

Charging Time: 3hours

Play Time: 7.5hours (75% volume)

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.

Product Model: RS11 PMN: Bluetooth Speaker

ISED statement

English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.

French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes : (1) Cet appareil ne doit pas provoquer d'interférences. (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.

The device has been evaluated to meet general RF exposure requirement. This equipment should be installed and operated with minimum distance 0mm between the radiator & your body. L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. Cet équipement doit être installé et utilisé avec une distance minimale de 0 mm entre le radiateur et votre corps.
